### More About the Postal Foulup

Note on KXAR: The radio station's 25th anniversary party at the Coliseum Friday night drew a capacity crowd of 515 persons—but also there were so many pictures we didn't have the space to put them in today.

There was a head-on collision this week-end between three major events: The radio party Friday night, the DeGray Dam and Reservoir dedication at Arkadelphia Saturday, and the District Poultry Festival at Nashville Saturday night.

To do the radio party justice we are delaying its pictures until Tuesday's edition, when there will be a full page. Every picture in all three events came out perfectly—a lucky week-end for The Star.

## President Nixon Lands In Moscow; Russians in Friendly Greeting

### Bombs Kill 400 in Vietnam War

By GEORGE ESPER  
Associated Press Writer

SAIGON (AP) — Massive U.S. air and naval bombardment has killed about 400 enemy troops assaulting South Vietnamese defenses north of Hue, American military sources reported today. They said a score of North Vietnamese tanks were destroyed.

Waves of U.S. fighter-bombers ranged deep into North Vietnam, attacking the Hanoi-Haiphong complex and other areas. U.S. informants said 600 strikes were carried out in the North today and Sunday. Fighting picked up all the way from the Mekong Delta in the south to the "Street Without Joy" just north of Hue in the north-

ern sector.

Field dispatches told of North Vietnamese soldiers turning and running from the battlefield in two assaults on Hue's defenses.

Prisoners of war captured in the first assault on the My Chanh defense line, 17 miles northwest of Hue, at dawn Sunday, told interrogators that troops were forced to take some sort of pep pills "that gives them a high, extra strength and energy for a period of time," one U.S. source said.

The prisoners said the pep pills were taken in the form of lozenges, but after they wore off it left them disoriented and disorganized, it was reported.

### 100,000 Turn Out in Red Capital

MOSCOW (AP) — More than 100,000 Muscovites turned out today to see President Nixon as he drove to the Kremlin to start a week's session of summitry, tackling many of the problems dividing the world's two most powerful nations.

The airport scene was cool, correct and official. But Muscovites knew Nixon was coming and they turned out on the motorcade route. The crowds were mainly silent as the official limousines zipped past. In some places people were standing shoulder to shoulder, several ranks deep.

That was a contrast to the reception Nixon received three months ago in Peking. There no crowds lined the streets and the airport greeting was unusually subdued.

Agreements on arms limitations, trade, and cooperation in outer space are expected to emerge from this first official visit to Moscow by an American president.

Communist party chief Leonid I. Brezhnev, the country's No. 1 man, was not at the airport when Nixon, the first American president to visit Moscow, stepped from his blue and silver jet. Protocol did not require Brezhnev's presence, since he holds no state executive post.

Nixon emerged hatless from the presidential jet, smiled and descended the ramp to shake hands with President Nikolai V. Podgorny and Premier Alexei N. Kosygin, who led a Soviet welcoming party.

Mrs. Nixon, dressed in a lilac suit, was at the President's side. Afterward, Nixon and Podgorny inspected detachment of crack Soviet troops.

Nixon looked fresh and attentive as he stood beside Podgorny.

The President and Mrs. Nixon then passed through a receiving line of Soviet officials, smiling and shaking hands.

Afterward the Nixons strolled by a group of Americans—diplomats and correspondents' wives—who had been bused to the airport to greet the President. There were also some Russians who had been brought there.

There were no speeches before the Nixons left the airport in a motorcade on a 20-mile trip to the Kremlin in the city's historic center.

## U.S. Claims Moscow Meet Many Tanks Knocked Out Strategy

SAIGON (AP) — South Vietnamese forces backed by U.S. planes and warships badly mauled a North Vietnamese regiment and wiped out 20 of its tanks in driving back two assaults on the northern front above Hue, field reports said today. The allied forces claimed nearly 400 enemy troops were killed.

Informed sources said one regiment of the 325C Division, the last combat division remaining in North Vietnam, had crossed the demilitarized zone to reinforce the troops of three other divisions on the northern front.

Hundreds of U.S. warplanes attacked the fresh regiment and also ranged far across North Vietnam to strike rear bases and supply lines.

The U.S. Command announced that an F4 Phantom was shot down near the North Vietnamese coastal city of Dong Hoi, 45 miles above the demilitarized zone, Sunday night, and a second Phantom was downed during raids this morning above Hue. All four crewmen were rescued.

The losses raised to 51 the number of U.S. jets lost in Indochina since the enemy offensive began March 30. Another 39 U.S. helicopters have been lost. U.S. air casualties in the period total 65 killed, 85 missing and 23 wounded. Twenty-six of the missing were lost in North Vietnam.

### Quake Rocks Manila

MANILA (AP) — An earthquake strong enough to sway buildings and send nervous people running into the streets rocked Manila today at 2:08 p.m.—2:08 a.m. EDT.

The weather bureau said the quake registered an intensity of six on the Rossi-Forrel scale of nine.

## All Around Town

Van Moore of Little Rock, son of Mr. and Mrs. Donald V. Moore, 904 East 2nd, has returned from Washington, D.C., where he attended a seminar sponsored by the American Land Developers Association. He is treasurer of Fairfield Communities Land Company and was one of two Certified Public Accountants representing the American Institute of C.P.A.'s at a workshop to discuss accounting in the land industry.

At KXAR's 25th anniversary party last Friday Tommy Cutler became the first honorary Colonel in the Arkansas State Police with Capt. Milton Mosier making the presentation. Sgt.

Ray Davis presented the special guest performer a certificate signed by Gov. Bumpers making him an Arkansas Traveler.

The wonders of modern medicine! Only 10 days after open heart surgery in Houston, Don Laseter, a native of Hope, has returned to his home in Little Rock.

While local artists were displaying their work in Hope this weekend, a former resident, Mrs. Lloyd Guerin, was holding a one-man show Saturday and Sunday at her home in Conway. Her father, Dr. Emmett Thompson, was among those attending the show.

### Two Drown In River

Eddie Reece, 30 of Texarkana, Texas and Milton Linden, 22, of Texarkana, Ark. drowned Sunday afternoon in a boating accident in First Old River.

According to Sheriff Henry Snyard, the men drowned when their boat capsized. Their bodies were recovered late Sunday afternoon.

### Bodies Recovered

WARREN, Ark. (AP) — The bodies of Felton Forrest, 42, of Warren and his two children have been recovered from the Saline River.

Authorities said Forrest and his children, Tasha Carol, 10, and Gregory, 13, drowned Saturday while fishing.

Police said their boat, with a large hole in the bottom, was found stuck in the bank Saturday.

The bodies of Forrest and his daughter were recovered Saturday. The body of his son was discovered Sunday.

Editor The Star: I am a former employe of Hope, Post Office. My appointment was of March 1947 and I resigned as of April 1969. Naturally your editorials in The Star as of late concerning the Sectional Center transfer to Texarkana, Texas, have interested me.

I was in accord with you from the beginning about spending a half million dollars of the taxpayers' dollars for the present installation in Hope. It should have been constructed in Texarkana, because of rail and air connections. (The Hope office has always had a special air lift truck contract to haul mail to and from Texarkana airport since the system began.)

I believe I can tell you exactly why this latest snafu occurred in the delivery of your newspaper. When the Sectional here was transferred to Texarkana the trained personnel here were sent to Shreveport, La., with very little advance notice and nobody in Texarkana knew how to route and work the mail that had been worked and routed from Hope and surrounding area.

I still believe and have always believed that the Railway Mail Service should not have been discontinued. I will also have to add the Highway Postal Service, which was under the same control and supplemented where rails were not present.

I sincerely believe the answer to our present mail dilemma lies in the restoration of our RPO's and HPO's. I do not believe there is any substitute for working the mail en route. I believe with the restoration of the RMS operated by the Postal Service over our existing rail and highway facilities, plus our air mail service will provide the superior mail service we should expect in this day of Man on the Moon in less time than we can get a letter or package to Chicago. Sincerely,

DAVID P. DAVIS

May 20, 1972  
P.O. Box 355  
City

Ed Note: An authoritative piece of testimony from an ex-postal man who should know what he's writing about. We are grateful for Mr. Davis' letter.

All's quiet on the postal front as far as we know at this moment. The week-end mail brought us these remarks:

Lester Wade of Blevins reported he had complained to Arkansas Gazette of late mail delivery of that newspaper, and, as might have been expected, got back a letter saying, "We found that the trouble was within the Post Office. We have taken steps to get this corrected."

J.L. Kitchens, 405 E. 36th St., Texarkana, Ark., came by our office Friday to show what he received in Friday morning's mail: Copies of The Star for last Wednesday and Thursday, clipped together with a rubber band.

A.R. Avery, Route 5, Prescott (Avery Chapel), dropped us a line to say his son mailed an air mail letter and a Mother's Day air mail postcard May 12, both stamped 10 a.m. at Chicago—and

# Gov. Bumpers Presents Traveler Certificate to Sen. Ellender

—Hope (Ark.) Star photo, Pod Rogers

Gov. Dale Bumpers, right, presents certificate of membership in Arkansas Travelers honorary organization to U.S. Sen. Allen J. Ellender of Louisiana, at the Arkadelphia luncheon Saturday following dedication ceremonies at DeGray Dam and Reservoir, in which Sen. Ellender was the featured speaker.

## Park, Lodge Planned at DeGray, Says Bumpers

A state park surrounding DeGray Dam and Reservoir just north of Arkadelphia, including a 100-room lodge and 20 cabins, was disclosed by Gov. Dale Bumpers at a luncheon meeting following the dedication of the dam Saturday.

The governor spoke to a crowd of 300 in the Burkett Williams cafeteria of Ouachita Baptist University at 12:30 following the dedication program at the dam site at 10 a.m.

On the luncheon program also were U.S. Senator Allen J. Ellender of Louisiana, speaker at the dam dedication; and Maj. Gen. Andrew P. Rollins, Jr. of the U.S. Corps of Engineers. H.W. McMillan, president of Arkadelphia Chamber of Commerce, was toastmaster. Sen. John L. McClellan was at the head table but did not speak.

Enlarging on the state park theme, Gov. Bumpers said there would be a restaurant capable of handling 400 persons, and the program called for 180 campsites, plus an 18-hole golf course and an amphitheater.

Fishing and other outdoor recreation will draw 60 per cent more people by 1980 and the whole state will benefit from increased tourist traffic, the governor said. He estimated the new DeGray lake would produce 3 million dollars in new money for Arkansas each year. And he added the new park will create 60 new jobs with an annual pay role of \$350,000.

At the dam dedication ceremony Saturday morning Senator Ellender said:

"We can all take pride in the \$64 million multi-purpose project, which will turn the waters of the Caddo River to productive use.

"It will furnish electric power to spur the industrialization of central Arkansas.

"It will equalize the flow of water and prevent harrowing floods.

"It will provide high-quality water for municipal, and industrial use.

"And it has already unlocked a whole new vista of recreational opportunities.

"In dedicating the DeGray

Dam and Lake, we are again proclaiming man's triumph over the hardships and obstacles of nature. With such projects, we are transforming the disadvantages of our area into a great asset. It is a thrilling and stirring experience to see these changes taking place in Arkansas.

"No man has done more to bring this about than my good friend and long time colleague—your senior Senator—John L. McClellan. No member of the United States Senate has done more for his state, more to bring the blessings of progress and

### TV Coverage On Nixon Trip Begins

NEW YORK (AP) — Network television coverage of President Nixon's trip to the Soviet Union will include a half-hour summary of first-day activities at 11:30 p.m. EDT on CBS.

Summaries on Tuesday will be broadcast from 7 to 8 a.m. on CBS and from 7:30 to 8 a.m. on ABC, while NBC will present a half-hour wrapup at 10:30 p.m.

Further summaries are scheduled for Saturday at 10:30 p.m. on ABC and at 11:30 p.m. on NBC.

Nixon's departure on Monday, May 29, will be carried live on the three major networks starting at 9 a.m. on CBS and NBC and 9:30 a.m. on ABC.

Live and taped reports on the President's trip and his meetings with Kremlin leaders also will be included on network newscasts.

### Duckett to Equalization Board

Jesse Duckett, president of Byers Abstract Co. was elected to the Hempstead County Equalization Board Friday night.

Judge Finis Odom presided over the meeting with Mrs. Pat House as ex-officio secretary. Invocation was by Wayne Russell.

Hope Mayor Sam Strong nominated Mr. Duckett with second by Oakhaven Alderman Wayne Russell. The vote was unanimous for Duckett.

Following the election, Judge Odom explained the duties of the Equalization Board and stated that the board would be in session the month of August.

## To Review Search of Aliens

WASHINGTON (AP) — The Supreme Court agreed today to hear a challenge to the right of immigration officers to search without warrants for illegal aliens in vehicles anywhere within 100 miles of a border.

It consented to hear the case of Conrado Almeida-Sanchez, who was sentenced to five years for receiving smuggled marijuana after immigration officers found 161 pounds of the weed in his car while searching it for aliens on a lonely California highway 50 miles north of the Mexican border.

Almeida-Sanchez' lawyers said the search was unconstitutional because officers stopped him without a search warrant and with no reason to suspect he had marijuana.

Specifically, they said the search violated the Fourth Amendment, which prohibits unreasonable searches and seizures.

Previous lower court opinions have upheld the right of immigration officers to stop and search vehicles for illegal aliens anywhere within 100 air miles of the Mexican border, provided they look only where a person could possibly hide.

Federal Judge Irving Hall refused to throw out the marijuana as evidence during Almeida-Sanchez' trial on grounds it had been found during just a search.

The 9th U.S. Court of Appeals upheld Almeida-Sanchez' conviction, but by a 2 to 1 vote with one justice questioning the constitutionality of the search.

Almeida-Sanchez is on parole from Terminal Island federal prison at San Pedro, Calif.

## Weather

Experiment Station report for 24 hours ending 7 a.m. Monday, High 91, Low 60.

State Forecast  
Arkansas: Fair today and tonight, becoming partly cloudy Tuesday. Widely scattered thundershowers northwest Tuesday. Warm today and Tuesday and mild tonight. High today and Tuesday mid 80s to low 90s. Low tonight in the mid 60s.

## Wedding Vows Are Repeated

## Wedding Vows Are Repeated

## Students Suspended

Phone 777-4502 Mary Anita Laseter  
Between 8 a.m. and 4 p.m. Monday thru Friday

**Monday, May 22**  
The Hempstead County Hospital Auxiliary will meet Monday, May 22, at 7 p.m. at Memorial Hospital.

**Tuesday, May 23**  
Chapter AE, P.E.O., will meet Tuesday, May 23 at 2 p.m. in the home of Mrs. Mack McLarty with Mrs. Bill Freeman, co-hostess.

The Cosmopolitan Club will meet Tuesday, May 23 at 7:30 p.m. in the home of Mrs. Royce Smith, 700 West 18th, with Mrs. E.H. Stewart, co-hostess.

**Wednesday, May 24**  
The Hope Junior Auxiliary will meet at the Chamber of Commerce Conference Room Wednesday, May 24, at 10 a.m. with an executive board meeting at 9:30 a.m.

**Friday, May 26**  
The Friday Music Club will meet at 3:30 p.m. Friday, May 26 in the home of Mrs. H.A. Spraggins with Mrs. Talbot Feild, Jr., Mrs. Douglas Drake and Mrs. Johnny Burke, co-hostesses. The program will be "Woman's Music Gains Popularity."

**Friday Bridge Club**  
Red roses were seen at the home of Mrs. Tom Kinser on May 19 when she entertained her Friday Bridge Club. When scores were tallied, Mrs. R.E. Jackson was high.  
The hostess served strawberry cake, ice cream and coffee for refreshments.

**Hope Nike Club**  
The Hope Nike Club held an installation of officers on Thursday, May 18 at the Douglas Building with Miss Charlene Wiggins, President of the Hope B & PW Club, officiating at the candlelight ceremony.

Officers installed were: president, Marilynn Harris; vice-president, Jill Herring; secretary, Debbie Crank; treasurer, Judy Reyenga; reporter, Melanie Garrett.  
After the retiring president, Mary Jane Reyenga, turned the

gavel over to the new president, a chorus of members sang a clever song. "Goodbye, Seniors."

A color scheme of orange and green was used for the decorations on the table where decorated cake squares, cheese snacks, and orange drinks were served to 45 Nike Club members and six B & PW Club members, President Wiggins, Donna Smith, Margaret Park, Belle Mudgett, Mary Anita Laseter and Virginia Hosmer.

**Hope Ladies Golf**  
The Hope Ladies Golf Association went to the Camden Invitational Tournament Thursday, May 18, and Mrs. Earl Lockett won the Championship Flight.

Also participating in the play were Mrs. L.L. Webb, Mrs. Cecil Delaney, Mrs. Emmett Wassell, and Mrs. Bill White.

**Golden Age Club**  
The Golden Age Club met Thursday, May 18 at Fair Park for a picnic with 10 members enjoying the outing. Mrs. Eva McKinney offered thanks before the tasty meal was served.  
The dorr prize went to Mrs. J.W. Graham, and after lunch the group enjoyed several games of dominoes. The next meeting will be held June 1 at 1:30 p.m. in the Douglas Building.

## Coming, Going

Mr. and Mrs. T. Tommy Cutrer and daughter, Nashville, Tenn., visited Mr. and Mrs. Thompson Impson and family this weekend.

While Webb Laseter of the Credit Bureau of Hempstead County was attending a meeting of Credit Bureau managers in Little Rock Sunday, Mary Anita Laseter visited the Harry Seago family.

Mrs. G.G. Medders has returned from a visit with the Bill Georges family in Richardson, Tex.

## Investigation Continues

LONOKE, Ark. (AP) — State Police said an investigation was continuing Sunday night into the shooting death of James Emmett Davis, 29, of Lonoke.

State Trooper Larry Davis and Davis was shot to death Saturday at the home of his father-in-law, J. W. Travis, near Lonoke.

He said that Imboden was shot once in the right side with a 20-gauge shotgun.

MRS. CHARLES McILLWAIN

On the evening of May 13 Miss Judy Lyann Hughes of Hope and Charles E. McIllwain, also of Hope, were married. The bride's parents are Mr. and Mrs. James F. Hughes of Taylor. Mr. McIllwain is the son of Mrs. Emma Carpenter of Fisher, Arkansas and the late E.G. (Doc) McIllwain.

Marriage vows were spoken at eight o'clock in First Baptist Church of Taylor with the Rev. Gordon Renshaw reading the double ring ceremony. Music was provided by Mrs. Walter Henry Williamson of Taylor with the soloist as Mrs. David Lively of Hope.  
An arched candelabra was flanked by two baskets of white

chrysanthemums and blue pom mums. A unity candle placed at the first pew was lit at the end of the ceremony, symbolizing the union of marriage.  
Mr. Hughes gave his daughter in marriage. She wore a high-rise formal gown of white Miramist and satin. Re-embroidered pearl Alencon lace banding formed the Victorian styled collar. Rows of pearls encircled the edge of the neckline and formed loops on the sheer yoke. Pearl encrusted lace motifs accented the molded bodice and the wide cuffs of the full Bishop sleeves also adorned the A-line skirt. Her chapel train flowed from a Dior bow in the back. From her lace demi-hat

flowed her finger-tip veil of English illusion. She carried a cascade of white carnations centered with a white Cattleya orchid.

Mrs. Charles Scarborough of Tucker, Georgia, was the bride's matron of honor. The bridesmaids were Mrs. Robert Hughes of Minden, Louisiana, sister-in-law of the bride, and Miss Gina Garrett of Hickory Ridge, Ark., cousin of the groom. They wore empire-styled turquoise dacron crepe dresses with short puff sleeves and softly gathered skirts. White Venice lace banding embroidered with turquoise flowers formed the stand-up collars and encircled their waistlines. The trim was repeated down the front of the bodices. They wore matching bows in their hair. Each carried a colonial bouquet of white and blue pom mums.

The flower girl, Miss Viola Ainsworth of Lake Jackson, Texas, cousin of the bride, wore a miniature replica of the dresses of the attendants. Master Charles McIlwain, Jr. was the ringbearer.

The bridegroom's best man was his brother, Mike Carpenter of Camden. Robert Hughes of Minden, brother of the bride, and Ricky Garrett West Memphis, cousin of the groom, served as groomsmen. The ushers were Joe Hughes, brother of the bride, and Ronald Orrick, both of Taylor.

For her daughter's wedding Mrs. Hughes chose a soft mint green polyester dress with bone accessories. She wore a corsage of cymbidium orchids.

The bridegroom's mother wore a blue and white knit dress. She also wore a corsage of cymbidium orchids.

The reception which followed was held in the church Fellowship Hall. Presiding at the guest register was Mrs. Larry Williams of Springhill, La.

Upon returning from honeymoon to Monterrey, Mexico, the newlyweds will be at home in Hope, where she is a member of the high school faculty. The groom is a Territory Manager for John Deere Co. and is headquartered in Hope.

## Television and Radio

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP) — President Nixon's visit to Russia was at the top of television news over the weekend and, naturally, was the principal subject of CBS's Sunday evening "60 Minutes."

Morley Safer flew to Moscow about three weeks ago and with a Soviet film crew and an official Soviet guide—both required by the authorities—made a sort of visual baedeker suggesting what the Nixon party might find in the Russian capital.

Moscow in 1972 seems to have the same concrete-and-steel profile of other great cities of Europe and the United States, broken here and there by the onion-shaped domes of old churches and the neo-gothic buildings favored in Stalin's regime.

Safer found that food and goods were in abundant supply but that cigarettes, liquor and entertainment were expensive. A ride in Moscow's immaculately clean, fast subway system costs about four cents; housing is in short supply despite the building in progress, but rents take only about five per cent of a tenant's income.

It was a bland, good-humored, timely guided tour.

Later, the program reran film of President Nixon's "kitchen debate" in Moscow 13 years ago when the then vice president had an exchange with Nikita Khrushchev and for which Nixon himself supplied the narration upon his return home.

Finals of the "Miss U.S.A. Beauty Pageant" Saturday night on CBS came live from the garish stage of the auditorium of a resort hotel in Puerto Rico. It dragged along for two hours before Miss Hawaii was chosen from among 51 contestants.

There were frequent breaks for musical numbers by local talent. Helen O'Connell and Bob Barker read their gushing lines with smiling sincerity, heaven knows how. The whole thing could have been handled neatly in one hour.

**THREE-YEAR STUDY**  
FRANKFORT, Ky. (AP) — The Kentucky Education Department has started a three-year study of the "Missouri Foundation Program," under which the state gave money and to nearly 200 schools to fund the

MRS. JIMMY DALE ALFORD

Miss Bonny George and Jimmy Dale Alford exchanged marriage vows at 4 o'clock Saturday, May 20 in the United Methodist Church of Danville. A reception followed in the home of the bride.

The bride is the daughter of Mr. and Mrs. Lloyd R. George of Danville. Mr. Alford is the son of Mr. and Mrs. Dexter Alford of Hope.

Rev. Hillman Byram performed the ceremony. Miss Jeanne Majors was soloist and Mrs. L. Compton George was organist.

Given in marriage by her father, the bride wore a gown of white silk organza. Venice lace appliqued the sheer yoke bodice, flowed over the shoulders and onto full bishop sleeves. The lace encircled the wedding ring neckline, hi-lo waist, and ruffled cuffs. The softly gathered skirt was built-in with a flounced hemline accented with lace and flows into a full chapel length. The skirt was scattered with Venice lace flowers. The bride's headpiece of white Venice lace was attached to a long veil of illusion edged with the matching lace and accented with a scattering of lace flowers. The bride carried a bouquet of white roses and baby's breath.

Mrs. Tommy Casstevens of Little Rock was her sister's matron of honor. Bridesmaids were Miss Debbie Ross of El Dorado, Miss Patsy Bolin of Rogers, and Miss Sharon Bailey of Pine Bluff.

Larry Don Alford served as his brothers best man. Groomsmen were Lee Carter of Fort Smith, Gil Weisberger of Marvell, and Nathan George, brother of the

bride, of Danville. Ricky McGraw of Star City and Greg Wallace of Little Rock served as ushers.

The candles were lit by Miss Terri Leigh Alford, sister of the groom, and Jasper George, brother of the bride.

After a short trip to Lake Texoma Lodge, Okla., the couple will reside in Fayetteville where they will work this summer and continue as students in the fall at the University of Arkansas.

STANFORD, Calif. (AP) — Vandalism was reported at Stanford University after a campus judicial panel recommended immediate and indefinite suspensions of three Stanford students for disrupting a class taught by Prof. William Shockley.

Shockley, who won the Nobel prize for co-invention of the transistor, has been a target of criticism due to his view that genetic factors make blacks inferior in intelligence to whites.

"Anyone who willfully disrupts classes does not belong in a university," a 5-1 majority of the panel declared Sunday. It includes both faculty and students.

Recommended for suspension were Donald Lee, a junior from Austin, Tex.; Kwonging Ho, sophomore from Singapore; and Alice Furumoto, a senior from Honolulu.

The vandalism occurred at McCullough Building, where the disrupted class was held Jan. 18, and at Tresidder Memorial Union, the bookstore and other buildings.

**TEACHERS INCREASE**  
GLASGOW, Scotland (AP) — Graduates from Scottish Universities taking up teaching increased by 27 per cent from 1966 to 1969. Almost half — 49 per cent — of girl graduates went into teacher training compared with 20 per cent of the men.

## PLAIN TALK FROM RAY THORNTON

Your Congressman helps make laws in Washington, but he is more. He is your personal representative in Washington. He walks the Halls of Congress, but he also travels the roads, streets and highways of the Congressional District, and knows the problems and needs of the people, because he is one of the people. His experience and skill can cut the red tape and bureaucratic delays that obstruct solutions to problems of individual citizens.

Ray Thornton will do his home work in the Fourth District and in Washington.

ELECT A MAN CLOSE TO THE PEOPLE OF ARKANSAS

# Trevino is Back, 'Bold and Brassy'

By BOB GREEN  
Associated Press Golf Writer  
MEMPHIS, Tenn. (AP) — Lee Trevino, bold and brassy as ever, is back. He's winning again. And, he warns, he's playing golf better than ever. "I'm hitting the ball better now than I was a year ago," Trevino said after scoring his first victory of the year Sunday in the Danny Thomas-Memphis Golf Classic. "I'm probably hitting it better than I ever have in my life."

"My putting has been off—but it came back today. I'm getting it all put together again."

Trevino had just fired a course-record, five-under-par 67 on the double tough Colonial Country Club course and won by an easy four strokes at 281, seven under par.

He interrupted a steady flow of one-liners, quick comedy shots, funny observations to turn dead serious on two subjects—his return to winning form and his contribution of \$5,000 from his purse of \$35,000 to the St. Jude's Children's Hospital.

"I'm not going to just give my money away to someone on the street, but, you know, there may be 1,000 kids in that hospital who will never walk. You can't buy your way in life, but this is something I want to do."

He's done it before. He's made a major contribution to charity almost every time he scored one of his 12 victories, the last of which came in October.

He won with the flair and determination that made him an instant folk hero when he stormed golf's loftiest peaks with his sweep of the American, Canadian and British Open titles last year.

That sweep, of course, was built on the foundation of a victory in this tournament. Rookie John Mahaffey finished a distant second, with a 69-285. George Hixon and Bert Weaver, the host pro who led the second and third-round leads, were next at 286. Weaver

suffered two double bogeys en route to a 74 and Hixon had a 70. Doug Sanders was alone with a 73-287.

For the fourth time this year Arnold Palmer made a challenge then fell back. He moved to within two strokes of the lead with a birdie on the ninth hole, then bogeyed four of the next six and finished with a 73-289.

Trevino took the lead when he dropped a three-foot birdie putt on the par five seventh, holed a 20-footer on the 10th and birdied both the 15th and 16th to make it a rout.

# Pacers Beat Nets For ABA Crown

By KEN RAPPOPORT  
Associated Press Sports Writer  
UNIONDALE, N.Y. (AP) — The Indiana Pacers' second American Basketball Association title in three years was double the pleasure and fun for Coach Bob Leonard.

"This league is a lot tougher since we won our first title," said Leonard, indicating a great deal of personal satisfaction after his team beat the New York Nets 108-105 for the ABA crown Saturday.

Leonard swilled champagne and smoked a victory cigar while pointing to "seven weeks of strain" during this year's playoffs.

"Winning the league is harder now because every team has improved since we won two years ago," said Leonard. "But my guys have also gained some experience since winning that first championship. It's a better all-around condition."

Roger Brown, who was an Indiana hero Saturday with a game-high 32 points, also was on that 1969-70 title-winner and didn't hesitate to back up Leonard's point.

"There is more talent here and to my way of thinking, a better team than our first championship club," said the 5-

# Hope Star

## Razorback Schedule

FAYETTEVILLE, Ark. (AP) — The University of Arkansas basketball team will play a 26-game schedule next season. The schedule is highlighted by the Razorback Tournament Dec. 29-30 in Little Rock in which Arkansas, Cornell, Southern Illinois and Ohio University will participate.

foot-5 forward. "We just finally put it all together."

The Pacers waited until the arduous playoffs to finally "put it together," as Brown said. They finished the season in second place, 13 games behind Western champion Utah. Then, they had to beat Denver and the Stars in seven-game sets before facing the Nets in the finals, which went six games.

It might not have been over yet except for Brown's powerhouse play and the obvious disadvantage the Nets had playing with an injured Rick Barry, their star forward. Barry scored 23 points Saturday, but would probably have had a lot more if he didn't have to sit out most of the first quarter with a shoulder injury.

With Barry not up to par, Brown took command of the game when he scored seven points in a 25-14 burst that gave Indiana an 81-70 lead deep in the third quarter. The bulge helped the Pacers withstand a furious game-ending rally by New York that fell short when Billy Melchionni missed a three-point shot at the buzzer.

"It's been a good year for us," said New York Coach Lou Carnesecca, whose team finished third in the East and wasn't expected to get as far as the finals. "I guess I should be happy ... but the sting of defeat is still in my mouth."

## Texas League Winners

LITTLE ROCK (AP) — Arkansas pitcher Jackie Stripling had seven walks Sunday afternoon, but he managed to pitch a no-hitter as Arkansas beat Midland in Texas League Baseball action.

Bill Bright led the Arkansas scoring with a triple in the fourth and a home run in the sixth. The Travelers scored two runs in the fourth inning, including one by Bright, before Bright scored the final run for the Travelers in the sixth.

Bright has had five home runs this season and has 14 hits in the seven-game homestand. Single games today and Tuesday conclude the series.

# Sudden Death Proposal Fails, Talks Continue

By MIKE RATHET

Associated Press Sports Writer  
NEW YORK (AP) — Having failed to get enough votes to institute sudden death for all games ending in a tie, National Football League owners go back to the conference table again today and begin tackling another side of the issue.

Where the forces behind the sudden death movement were aiming at making a tie more exciting by having it played to a decision, the forces now massed are aiming to avoid a possibility that could leave the NFL open to ridicule.

As the rules now stand, if the Dallas Cowboys were to finish the season with a 13-1 record while the Washington Redskins won only one game but tied 13 for a 14-13 record, the Redskins not the Cowboys would be the division champions.

The Redskins would be the winner on the basis of a tie record, the 13 ties not counting in determining a world's percentage. That would leave them with a 1,000 percentage, as for the Cowboys.

To guard against the possibility of such an embarrassing situation has been the impetus for a method of altering the way ties are counted since

under the circumstances, the 12-1 team would be the division champion.

The proponents of a change would have ties count one-half game won, one-half game lost. That would mean that a team with a 13-1 record would finish with a higher percentage than a 14-13 team.

The big question behind the

## Won't Renew Coaching Contract

FAYETTEVILLE, Ark. (AP) — The contract for Tommy Matthews, assistant Arkansas basketball coach, will not be renewed, it was announced Sunday.

Head Coach Lanny Van Eiman said in a memorandum that "in the best interest of the athletic department and the basketball program, Matthews' contract as assistant basketball coach will not be renewed for the fiscal year 1972-73."

Van Eiman gave no reason for the move. Matthews will continue to receive his salary from the school until June 31.

# Mets Extend Winning Streak

By BRUCE LOWITT

Associated Press Sports Writer  
"The thing you have to realize," Al Oliver of the Pittsburgh Pirates was explaining calmly, "is that we lost six straight in April while the Mets haven't hit their bad streak yet."

If Willie Mays keeps doing his thing, the Amazins from New York may never hit it.

The Pirates are in the midst of a pretty good streak themselves. They knocked off the Montreal Expos 1-0 and 5-3 Sunday for their seventh victory in a row and 12th in the last 14 games.

That enabled the Bucs to inch up a bit on the even-hotter Mets, who couldn't do a thing against Philadelphia's Steve Carlton for five innings, then stunned the Phillies 4-3 on two-run homers by Tommie Agee and Mays.

That extended the Mets' winning streak to 11 games—equaling the longest in their history set in their 1969 world championship season.

In Sunday's other National League action, the Chicago Cubs edged St. Louis 3-2, Houston nipped Los Angeles 2-1 and, in two other doubleheaders, San Francisco beat Atlanta 2-1 after losing the opener 6-4 in 10 innings and Cincinnati slapped San Diego 7-0 in the nightcap.

Pirates Manager Bill Virdon took a look at the National League East standings—Pittsburgh trails the front-running Mets by six games—then noted that "the season still has a long way to go."

The Bucs went a long way with their bench in the second game after Jackie Hernandez' double and Dave Cash's run-scoring single gave them the opener behind the seven-hit hurling of Luke Walker and two relievers.

Bill Mazerowski, their 35-year-old infielder relegated to backup duty since last season, drove in the winning run in the finale with a tie-breaking sacrifice fly in the eighth inning.

Carlton had his stuff going against the Mets, but once again the Mets had the whammy.

Mays did him in. First he wrecked Carlton's bid for a no-hitter with a leadoff double in the sixth and coasted home on Agee's shot, then Willie hit one of his own in the eighth to win it after Jim Beauchamp, pinch hitting for winner Tom Seaver, had singled.

Billy Williams drove in a pair of runs, one of them with his third homer of the year, to power the Cubs over St. Louis.

## Preparing for Bout

OMAHA, Neb. (AP) — Challenger Ron Stander and champion Joe Frazier slowed their workouts Sunday in preparation for Thursday's world championship heavyweight bout.

Stander, the unranked challenger from nearby Council Bluffs, Iowa, spent a quiet day with his only major work consisting of six miles of early morning road work.

Frazier was also up early. He got in two hours of early morning road work around Carter Lake, and then worked about 4 minutes in the gym at Creighton University.

# Oakland Manager Charges 'Poor Sportsmanship'

By KEN RAPPOPORT

Associated Press Sports Writer  
"It's a long season," said Dick Williams, "and we'll play them again."

The Oakland A's manager was ready to go to war after he felt that his pitcher, Ken Holtzman, was intentionally knocked down in Sunday's 5-2 victory over the Kansas City Royals.

Holtzman collided with Kansas City first baseman John Mayberry while running out his grounder in the second inning. He lay still on the ground for several minutes before getting up.

Williams was so infuriated by what he considered a blatant act of poor sportsmanship that he directed Holtzman to throw at Kansas City hitters.

"The first guy up's going to go down," Williams said, "so we were knocking Lou Piniella down."

Holtzman got a warning from the umpire after throwing a close pitch to Piniella in the last of the second.

Williams pulled Holtzman after six innings partly due to the incident and partly due to the muggy, 88-degree heat.

Mayberry pleaded innocent: "I thought I had him easy. He sped up so I sped up. He ran right into me. I was coming across the bag and he tried to beat me to the bag ... but I beat him."

In the other American League games Sunday, the New York Yankees beat the Boston Red Sox twice 6-3 and 3-2; the Texas Rangers took a doubleheader from the Minnesota Twins, 5-2 and 3-1; the Baltimore Orioles bounced the Milwaukee Brewers 5-0; the Detroit Tigers trimmed the Cleveland Indians 5-0 and the Chicago White Sox nipped the California Angels 9-8.

Dave Duncan drove in three runs with two homers and Sal Bando smacked a two-run shot to give Holtzman the runs he needed for his sixth victory in eight decisions.

Southpaw Sparky Lyle came out of the bullpen to preserve both New York victories over Boston, Lyle's former team. Lyle, acquired from the Red Sox in a pre-season trade, saved Fritz Peterson's first victory in the opener. Then he came on in the nightcap to save Mike Kekich's triumph.

"When you see Sparky coming in, you feel like it's locked up," said New York left fielder Roy White, who had six hits in the sweep. "I hit against him enough to know the other hitters are in trouble when he comes in."

Doug Griffin delivered a two-run single before Lyle got Carlton Fisk on a double play and pinch-hitter John Kennedy on a fly ball for the game-ending out.

Lyle again came to the Yankees' aid in the nightcap when Kekich, who had been struggling, walked the leadoff batter in the eighth. Lyle threw another double play ball, then worked his way out of a tough jam in the ninth.

Jeff Burroughs hit a two-run homer in the sixth inning to help Texas beat Minnesota in their opener. Then pitcher Jim Shellenback singled home the deciding run in a second-inning rally that carried the Rangers over the Twins in the second game.

Jeff Burroughs hit a two-run homer in the sixth inning to help Texas beat Minnesota in their opener. Then pitcher Jim Shellenback singled home the deciding run in a second-inning rally that carried the Rangers over the Twins in the second game.

He never settled down in the paddock down there," Carroll said, "and never ran his race. Then he developed shipping problems. So we decided to skip the Kentucky Derby, come back to Maryland and wait."

He never settled down in the paddock down there," Carroll said, "and never ran his race. Then he developed shipping problems. So we decided to skip the Kentucky Derby, come back to Maryland and wait."

William S. Farish III, who bought Bee Bee Bee and 19 other horses from William S. Miller last January, said he was uncertain whether Bee Bee Bee would run in the Belmont on June 10.

Mrs. John Tweedy, the operator of Meadow Stable who had her hopes for a Triple Crown dashed, said Riva Ridge would compete in the Belmont if he came out of the Preakness in good shape.

Favorites such as stall putter Al Fournet and favorite Bob Seagram had their Ken Swenson, trainer Tim Von Ruten, discuss the way the Seaver and intermediate runner Ralph Mann all fared last year.

"That might be the greatest competitive race of all time," said Benson. "I can see seven or eight fellows right together going into the final turn. I don't think there will be a world record but the winner could be under 1:20 and it'll be the greatest mass finish ever."

Ryun, timed in 1:33.2, ran a lifetime best and was extremely happy. "I hadn't run this distance in five years," he said. "I tested and I ran relaxed. This gives me great confidence."

Favorites such as stall putter Al Fournet and favorite Bob Seagram had their Ken Swenson, trainer Tim Von Ruten, discuss the way the Seaver and intermediate runner Ralph Mann all fared last year.

over the Twins in the second game.

Merv Rettenmund ripped a three-run homer and rookie Don Baylor added a pair of solo blasts to back Pat Dobson's four-hit pitching as Baltimore topped Milwaukee.

Mickey Lolich spaced eight hits and became the American League's first eight-game winner in Detroit's triumph over Cleveland. His seven strikeouts Sunday pushed his league-leading total to 61.

Carlos May unloaded a three-run homer with two out in the bottom of the ninth to pull Chicago past California. The Angels had taken an 8-6 lead in the eighth inning with one of the runs coming on Art Kusner's first major league homer.

# Aussie Wins Track Classic

By DAN BERGER

Associated Press Sports Writer  
BAKERSFIELD, Calif. (AP) — In the psychological war prior to the 5,000-meter run at the Munich Olympics this summer, Tony Benson of Australia has gotten off the first salvo.

The 28-year-old high school teacher captured the Bakersfield Track Classic 5,000 Saturday night with the superb time of 13 minutes 36.8 seconds, just four tenths off his lifetime best. In the process, he beat George Young, Jim Ryun, Tracy Smith, Canada's Grant McLaren, Jack Bachelor and Frank Shorter.

The surprising thing, however, was that Benson didn't know he was coming to the United States to race until only 10 days before—in the midst of the Australian off-season.

"I was just jogging 100 miles a week," said the grinning victor after his race. "Our national championships were in March and I hadn't run a race since then. I got a call and they said, 'you're going to America tomorrow to race.' I said it was okay with me but not to expect too much."

"Well, I can tell you, this is an important win for me—and it should give me a big psychological edge over these blokes. If I can run this well when I'm not fit, what will I be able to do in Munich?"

The 5,000 in Munich figures to be the greatest competitive race of them all. The favorite will likely be Finland's Juha Vaatainen, the European champion. Also in the race should be France's Jean Wadoux, Kip Keino of Kenya, Harold Norphoth of West Germany, Steve Prefontaine of Oregon, Emiel Puttemans of Belgium and Benson.

"That might be the greatest competitive race of all time," said Benson. "I can see seven or eight fellows right together going into the final turn. I don't think there will be a world record but the winner could be under 1:20 and it'll be the greatest mass finish ever."

Ryun, timed in 1:33.2, ran a lifetime best and was extremely happy. "I hadn't run this distance in five years," he said. "I tested and I ran relaxed. This gives me great confidence."

Favorites such as stall putter Al Fournet and favorite Bob Seagram had their Ken Swenson, trainer Tim Von Ruten, discuss the way the Seaver and intermediate runner Ralph Mann all fared last year.

He never settled down in the paddock down there," Carroll said, "and never ran his race. Then he developed shipping problems. So we decided to skip the Kentucky Derby, come back to Maryland and wait."

# Summit Meeting To Begin

By WILLIAM L. RYAN  
AP Special Correspondent

Only two weeks ago the chances that the Kremlin would countenance a summit meeting with President Nixon at this time were, in the view of many, worth less than a plugged kopek. Now the summit is about to begin on schedule. Why?

Behind the apparent eagerness of General Secretary Leonid I. Brezhnev and his colleagues in the Soviet Communist party leadership to meet this week with the President are a number of major Soviet policy goals.

It had seemed on May 8 that Nixon's decision to mine North Vietnamese ports to slow Soviet supplies would wash out the summit. It didn't. Although the Russians vow to continue supplying billions of rubles worth of hardware to Hanoi, the Vietnam situation is getting in the way of some major Soviet goals.

The Kremlin eye has long been intently fixed on Europe. Its drive for a security conference goes back many years and recently has had the highest priority. Moscow wants Europe to agree to the idea of "renunciation of force" in the same pattern as the West German-Soviet treaty just ratified in Bonn.

What else do the Russians want from the summit? They want expanded economic and trade ties with the West and the United States and access to Western technology for application to the Soviet consumer economy. The Soviet system is more than 50 years old now and its domestic economy still suffers from comparison with Western standards. The Politburo long has been feeling the pressure of popular impatience.

The Soviet economy could make effective use of some of the enormous investment in superweapons and defense. Some sort of agreement on limitation of missiles would be attractive to Brezhnev, as it would to Nixon. There has been some expectation that a beginning, at least, emanating from the strategic arms limitation talks may be ready to memorialize this summit.

China figures largely in Soviet reasoning on the need for this summit, and not only because Moscow might want to balance the Nixon visit to Peking.

Soviet fear of China is real. Some inspired leaks in Moscow these days suggest that the Nixon moves in Vietnam will force closer Red-Chinese-Soviet cooperation. But there has been no sign that the basic Moscow-Peking differences were being patched up.

There's nothing really new about Brezhnev's conduct of foreign policy. It is more or less classic for the Kremlin, which has always sought to build a peace image for itself while pursuing long-range goals by political means.

**GOOD BYE MULE**  
MILLERSVILLE, Md. (AP) — Among the unsolved cases at the local police station is the theft of Elwood Diggs' mule. Diggs said two men asked his father if they could borrow the 900-pound animal.

# Being Blind Is No Picnic

By LEE LINDER  
Associated Press Writer  
PHILADELPHIA (AP)—

Being blind is no picnic, especially at the dinner table.

Try eating at a hotel banquet with your eyes covered, and see if you feel helpless, embarrassed, frustrated.

I did. I was. I didn't like it.

It was part of a public experiment Sunday night to test "attitudes toward blindness," by those who can see and those who can't. It was the first of six nationwide symposiums sponsored by the American Foundation for the Blind.

Actually, it was the blind

# Probe of Lawyers Thrown Out

LITTLE ROCK (AP) —

The state Supreme Court said today that Chancellor James Merritt of McGehee exceeded his authority in ordering a committee investigation of two lawyers and their law firm for alleged contempt of court and violation of canons of professional ethics.

The Supreme Court granted a permanent injunction to prohibit a three-member committee of lawyers from conducting the investigation in the McGehee District of Desha County Chancery Court.

The committee was created after Merritt issued his order June 23, 1971.

The Supreme Court said the investigation, "although made in the utmost good faith, could cause irreparable injury to the professional reputations" of the lawyers "in a manner wholly unauthorized by law."

The investigation would have been made of John A. Davis, Bill R. Holland and the law firm of Bridges, Young, Matthews and Davis of Pine Bluff.

Merritt had issued the order in connection with an abstract and brief Holland and Davis had filed with the Supreme Court in appealing a decision of Merritt in a case in which they were attorneys.

Holland and Davis had claimed that Merritt held "bias and prejudice" toward them.

Special Associate Justice Eugene A. Matthews said in the ruling prohibiting the investigation that Merritt's order would have conferred upon the committee members, in effect, the right to conduct a preliminary trial with the authority to hear and take evidence without granting Davis, Holland and

the law firm the right to present evidence upon the issues involved.

He also said the order circumvented procedures established by the Supreme Court under the state Constitution for investigating the professional conduct of lawyers.

# Regents Adopt Resolution

ALBUQUERQUE, N.M. (AP) —

University of New Mexico regents told the faculty Sunday it had no business calling for the impeachment of President Nixon.

The regents adopted a resolution saying: "The faculty is not empowered to take official action on any matter at its discretion, but should limit its deliberations to questions which clearly and unmistakably relate to the educational process at the University of New Mexico."

The teachers voted May 9, during the antiwar demonstrations, to call for the impeachment of Nixon. School president Ferrel Heady ruled the motion was out of order. A floor vote overruled Heady.

"The regents emphatically reassert that the university faculty is constitutionally authorized to act officially only with regard to matters delegated to the faculty by the regents," the regents' resolution.

# Candidate Cites Issues

LITTLE ROCK (AP) —

Vernon Whitten, a Democratic candidate for secretary of state, says that two important issues in the race are mistreatment of state employees and mismanagement of fiscal affairs.

Whitten said an atmosphere of "unhappiness and unrest" has been created by the actions of the incumbent, Secretary of State Kelly Bryant.

# Court Defines 'Immunity'

By BARRY SCHWEID  
Associated Press Writer

WASHINGTON (AP) — On a 5 to 2 vote, the Supreme Court today upheld the limited immunity the Organized Crime Control Act of 1970 gives witnesses who are compelled to testify before grand juries.

The ruling, delivered by Justice Lewis F. Powell Jr., found broader immunity is not required by the Fifth Amendment. Justices William O. Douglas and Thurgood Marshall dissented.

Prosecutors had been waiting more than two years for the court to settle the constitutional controversy. The federal law has been copied by several states.

In other actions today, the court:

—Agreed to hear a challenge to the right of immigration officers to search without warrants for illegal aliens in vehicles anywhere within 100 miles of a border.

—Ordered hearings in a dispute over whether Utah or the federal government owns lands exposed by receding shorelines of the Great Salt Lake.

Complete immunity from prosecution has been granted to many witnesses over the years to prevent them from invoking the Fifth Amendment and refusing to testify on the grounds of possible self-incrimination. Witnesses who refused to testify under immunity could be jailed for contempt of court.

The 1970 law provides a more limited kind of immunity. A witness can be forced to testify with the protection only that what he says will not be used against him in a future prosecution.

cution. Powell said complete immunity would give the witness considerably broader protection than the Fifth Amendment privilege.

"While a grant of immunity must afford protection commensurate with that afforded by the privilege, if need not be broader," he said.

However, Powell emphasized that the 1970 law bars using what a forced witness says as an "investigatory lead" against him. This means, the new justice went on, that if the man is brought to trial, the prosecution must prove the evidence it intends to use is derived from a source wholly independent on the testimony.

The ruling was supported by Chief Justice Warren E. Burger and Justices Byron R. White, Potter Stewart and Harry A. Blackmun. Justices William J. Brennan Jr. and William H. Rehnquist did not participate.

# Showers Forecast For Midweek

By THE ASSOCIATED PRESS

The National Weather Service predicts scattered thundershowers for Arkansas in midweek.

The forecast calls for fair skies tonight, but skies are expected to become partly cloudy Tuesday, with thundershowers developing in Northwest Arkansas Tuesday and moving across the state Tuesday night and Wednesday.

The lows tonight are predicted in the low and mid 60s with the highs Tuesday in the mid 80s to low 90s.

The fair weather enjoyed by Arkansas through the weekend and today was the result of a high pressure system centered in the central Gulf of Mexico south of Louisiana and another center in Southern Canada just north of the Great Lakes.

# Unanimity of Jury Is Struck Down

By BARRY SCHWEID  
Associated Press Writer

WASHINGTON (AP) — Defendants on trial in state courts for noncapital crimes may be convicted by a less-than-unanimous jury, the Supreme Court ruled 5 to 4 today.

The decision, in cases from Louisiana and Oregon, said the centuries-old practice of unanimous jury verdicts is not required by the U.S. Constitution. Even a 9 to 3 verdict is permissible, said Justice Byron R. White for the court.

Only four states, Oklahoma and Montana in addition to Louisiana and Oregon, apparently now have laws approving conviction by a less than unanimous vote. The court's ruling could spur others to follow the example.

Justice Thurgood Marshall, a dissenter, said the ruling "cuts the heart out," of an important safeguard of the Bill of Rights. Protests were entered also by Justices William Douglas, William J. Brennan and Potter Stewart.

The majority opinion was produced by White and the four Nixon administration appointments: Chief Justice Warren E. Burger and Justices Harry A. Blackmun, William Rehnquist and Lewis F. Powell Jr.

White said the essential function of the jury is to interpose a group of laymen representing the cross-section of the community between the accused and his accuser.

"In terms of this function," he said, "we perceive no difference between juries required to act unanimously and those permitted to convict or acquit on votes of 10 to 2 or 11 to 1."

The Oregon law approved today allows 9 to 3 convictions.

REV. ROBERT GROSS

The Farm Labor Information Center was the subject of the program at the Hope Rotary Club luncheon meeting on Friday, May 19 at the Town and Country Rotarian Vernon Wickliffe presented the Rev. Robert Gross, Director of Special Ministries for the Hope Baptist Association, who ministers to the migrant workers.

He showed slides of the Center which has 150 beds for overnight accommodations. During one 9-

month period 50,000 people stopped at the Center to eat, sleep, bathe, and rest. Mexicans comprise the largest number of those stopping. Playground equipment is available for the children, and a small chapel has been erected across the highway. This is now the only such center in the country as the others have been closed.

President Sam Strong welcomed several guests, Herman Connelly of Nashville, Steve Hidalgo of Little Rock and Donal Parker.

### Let's Reflect

There are many things that are thorns to our hopes until we have attained them, and envenomed arrows to our hearts when we have. — Colton said it.

### Calendar of Events

American Legion Post To Meet  
Nelson Hill Post No. 427 and Auxiliary will meet in the home of Post Commander and Mrs. C. G. Carmichael Tuesday, May 23, 1972 at 7:30 p.m.

All members are urged to please be present and to bring a guest. A 'pie supper' will be served. Mrs. Lula M. Gamble, Reporter.

### College Notes

Sandra C. Jones, a 1967 graduate of Yerger High School, and daughter of Mr. and Mrs. Andrew Jones, Jr., of Hope, received the B.A. degree from Plummer Smith College, Little Rock, May 14.

Sandra's major is Social Work with a minor in Special Education. She was a member of the Spanish club, Women's Association, President of the Association for Childhood Education International, acting secretary of the Student National Education Association, and Charter member of the Phytettes of Alpha Phi Omega.

She received an award for high academic work during the 1970-71 school year.

Miss Patricia Anne Maxwell, daughter of Mr. and Mrs. Lee C. Maxwell of Hope, received a Bachelor of Arts degree in Ac-

counting May 8, 1972 from Bishop College, Dallas.

Patricia is making her home in Dallas where she is an Accountant with the firm of Collins Radio.

### Coming and Going

Raymond Williamson, Jr., son of Mr. and Mrs. Raymond Williamson, Sr., is spending his vacation in Imperial, Kansas with his brother, Charles Williams.

## French Open Tennis Tournament

PARIS (AP) — The French Open Tennis Tournament begins today with a bigger pot of gold for the winners, a new formula to favor the stars, and the weakest entry list in years.

The prize list has been increased to \$100,000, with \$12,000 for the men's singles champion. Jan Kodes of Czechoslovakia collected \$9,600 for winning last year.

The women's singles champion will earn \$4,000, compared to the \$2,700 Evonne Goellagong of Australia got in 1971.

Kodes and the Nastase of Romania, the finalists last year, have been seeded No. 1 and No. 2. Stan Smith of Pasadena, Calif., recognized as the master of either Kodes or Nastase on grass, has had trouble adjusting his game to the clay courts in the past. He is seeded No. 3.

In the women's championship, Miss Goellagong has been seeded No. 1 followed by Mrs. Nancy Richey Gunter of San Angelo, Tex.; Mrs. Billie Jean King of Palm-Aire, Fla.; and Rosemary Casals of San Francisco.

## Benefit Entertainers

MEMPHIS, Tenn. — At the 1973 Shower of Stars benefit for St. Jude Children's Research Hospital will be headlined by country music stars Johnny Cash, his wife, June Carter, and the Carter Family.

Entertainer Danny Kaye, founder of the hospital, said the lineup also will include singer Wayne Newton, mainstay of this year's performance Saturday night benefit is headlined by comedy with the likes of Memphis Slim, who also is a hospital trustee, and event.

## Protesters March On Pentagon

By TOM SEPPY

Associated Press Writer  
WASHINGTON (AP) — A group of antiwar protesters demonstrated at the Pentagon today but did not blockade the main Defense Department headquarters as they had threatened to do.

Federal workers and uniformed military officers arrived at work unimpeded while the demonstrators sat on the sidewalk across the street from the Mall entrance, hoping to be joined by others from Washington just across the Potomac River.

Shortly before 9 a.m., however, urged on by a young man who complained that demonstrators would get no attention from news media if they just sat there, a group of about 100 formed a large circle in the street and began chanting antiwar slogans.

The circle gradually spread across the street and police then descended from the steps in a single line and advanced.

The demonstrators fell back to the sidewalk and remained there, confronting the row of police.

In this initial encounter there apparently was no violence.

Across the Potomac River from the Pentagon, an estimated 400 protesters voted to march across Memorial Bridge and protest at the military complex.

Through a police loudspeaker, the demonstrators were told a parade permit would not permit them to march to the Pentagon until 10 a.m. EDT.

At that point the protesters sat down and began to sing.

Organizers said they would wait until 10 a.m., march to the Pentagon and protest peacefully there.

The Defense Department said it would use troops, if necessary, to help police keep the world's largest office building open for business.

A battalion of military police, 400 to 500 men, moved inside the Pentagon before dawn.

Dr. Sidney Peck, an organizer of the demonstration, said that if 3,000 to 5,000 persons turned out for the Pentagon disruption, "we'll be doing very well."

The march on the Pentagon was to be the second phase of a weekend of antiwar activity in the capital. Up to 15,000 persons gathered peacefully at the Capitol Sunday but sporadic violence erupted between police and hundreds of youths on the fringes of the rally. Police used tear gas and arrested nearly 200 persons along Constitution Avenue between the Capitol and the White House.

More than 30 speakers talked to the rally for 2½ hours Sunday on the west front of the Capitol but only one member of Congress, Rep. Bella Abzug, D-N.Y., was present.

By midafternoon, a splinter group which had left the speeches began a confrontation with police at the Peace Monument, at the foot of the steps on the west front of the Capitol.

They barricaded the street, overturned trash cans, broke lights, uprooted street signs, and harassed the police.

Some demonstrators threw rocks, bricks and stones, bottles and sticks at police who watched from a distance.

When the demonstrators began to wreck an information pavilion off the monument circle, Police Chief Jerry W. Wilson and several of his aides moved in and were hit with a barrage of debris.

Additional support was called and tear gas was fired into the crowd to disperse the demonstrators, who were blocking off the street.

Demonstrations also were held Sunday in New York and San Francisco.

In New York, priests and members of the Roman Catholic hierarchy stood opposite St. Patrick's Cathedral to urge the church to lead the fight against American involvement in Indochina.

In San Francisco, 200 persons marched from the city center to a rally at Golden Gate Park.

A BLUMPER CAMPAIGN  
BALTIMORE — At a protest meeting Sunday, Baltimore's progressive political team to elect a new mayor with a new campaign slogan, "Don't Tangle with the

## How to Be A Philosopher

By HAL BOYLE

NEW YORK (AP) — Dear Poor Man's Philosopher:

Man, you've got it made, man. I really dig you, man. Like you're the greatest, you know. How can a cat like me get into your racket? In other words, man, how can I light my fuse? Since you have a squeeze on the poor man's market, maybe I could start as a rich man's philosopher. Right on?

Sincerely, Joe the Juice.

Dear Joe the Juice:

If I translate your quaint guttersnipe argot aright, young man, you are trying to express a desire to become a philosopher.

Well, welcome to the great mansion of philosophy, son. Anyone may enter there, although I feel I should warn you that it is not a playing field for juvenile delinquents.

Your ambition is praiseworthy, but you also need certain tools if you are to succeed as a philosopher. These tools are an understanding eye, a seeing heart, a thinking brain, and a language with which to tell others what you have found out. For philosophy is but a game of find and tell in the arena of a vaster kinder-

garten. Philosophy is but the quest of eternity.

I hope it is not your idea that a philosopher is an elderly, dirt-marty, carrot-nibbling toothless hermit dwelling on a lonely mountain peak and endlessly shaking his head at the follies of his fellows.

No, indeed. The philosopher is just as likely to be a street corner debater like Socrates or a wandering teacher like Jesus. Both of them moved in the midst of men. Philosophy isn't standoffish, but sociable.

While this is an age of specialization, I do not think you need to concentrate your talents and become merely a rich man's philosopher. Rich men use vanity and money as their chief crutches in this world. They usually turn to the consolations of philosophy only when sick or dying.

And now, my young friend, be the Juice, since every trade has its secrets. I think I should impart a few tips on how to become a philosopher.

First of all, never hurry. Since life itself is a long emergency, always take your time. Anything you can do in a hurry, any place you can get to in a hurry, is not worth doing or worth getting to. No one lands on heaven with a single running

## Eagle Shot, Survives; Man Fined

WASHINGTON, D.C. — An immature bald eagle has regained its freedom and a \$500 reward for information leading to the conviction of a person for shooting the eagle has been given to a Wisconsin man by the National Wildlife Federation.

Gary Buss, of Colfax, Wis., was awarded the money by the NWF after witnessing the October, 1971, shooting of a young bald eagle near his home. After observing the shotgun shooting of the bird, which was perched on

a tree, Buss reportedly intercepted the defendant and informed him that he had shot an eagle. The defendant reportedly denied it, saying that "It was just a hawk." "After he had shot, however, he did not even look at the downed bird," Buss noted.

Buss then notified U.S. Bureau of Sport Fisheries and Wildlife authorities. The defendant was later fined \$100 in a Madison, Wis., federal court.

Unlike several other eagles that have been shot in the area in recent months, the fortunate eagle survived. The bird was immediately taken to nearby Chippewa Falls and its injured right wing was treated by Dr. Charles Kemper, an amateur ornithologist. Two months later, the healthy bird was released near the Necedah National Wildlife Refuge in Wisconsin.

The reward was the second to be given under a nationwide reward program started by the NWF in 1971. Although it has been against Federal law to shoot bald eagles since 1940, the National Wildlife Federation reward program was started in 1971 as the result of the revealed mass slaughter of eagles in Wyoming.

## Election Promises

ARKADELPHIA, Ark. (AP) — Benny Roark of Fordyce, a Democratic candidate for state land commissioner, says he will help county surveyors get an accurate survey of their areas if he is elected.

Monday, May 22, 1972

## Receives B.A. Degree At Ouachita

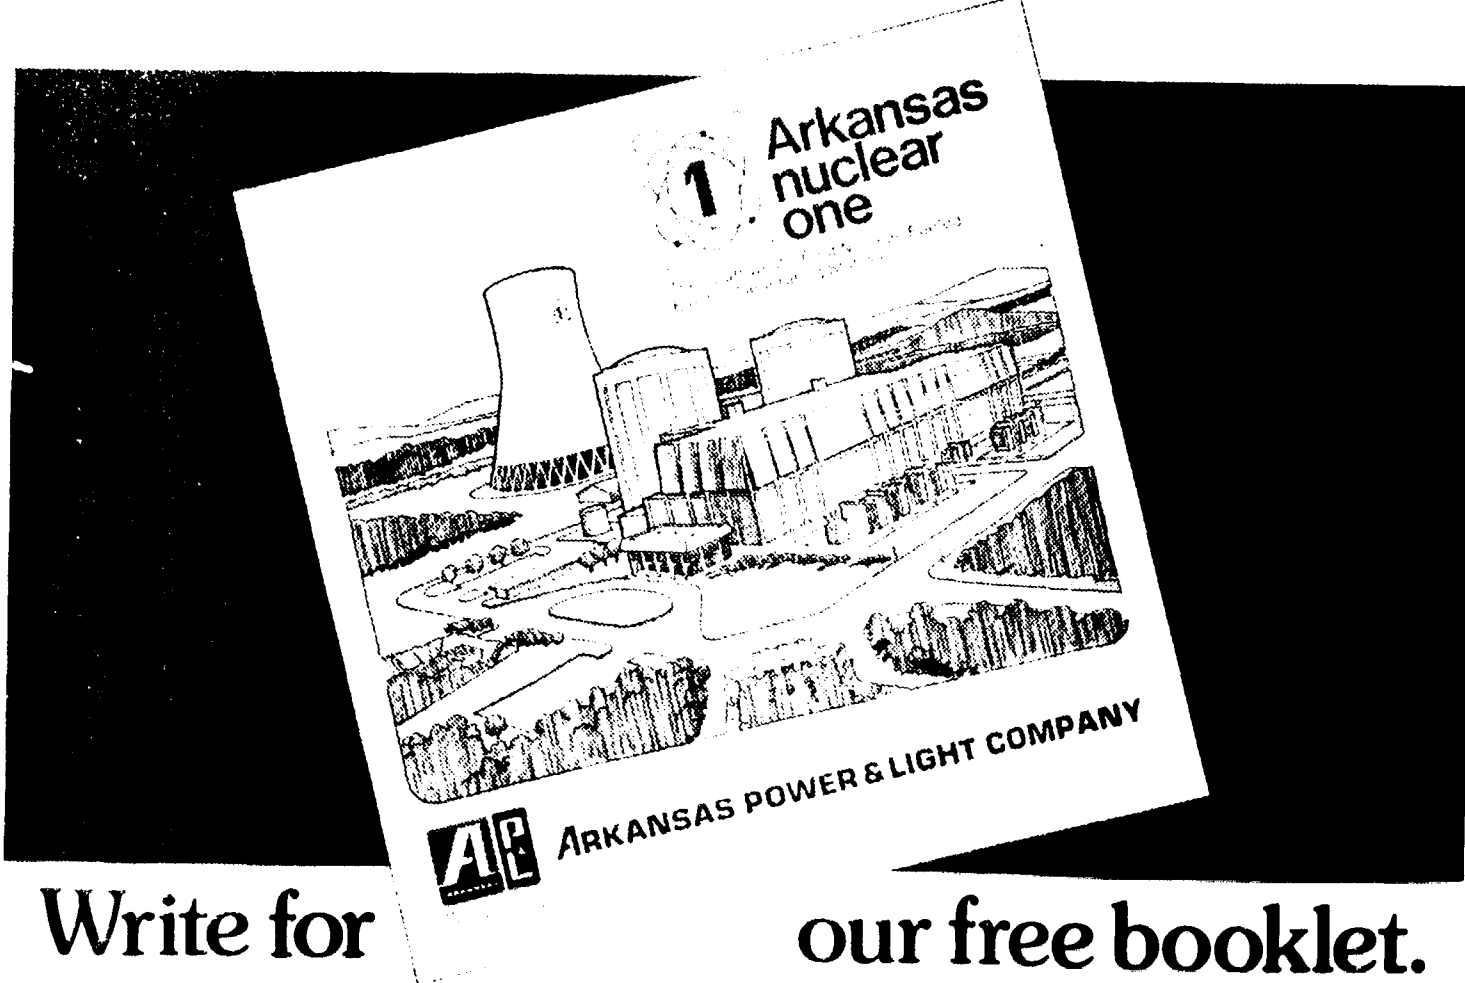

SUSAN MCCAIN

Susan McCain, daughter of Mr. and Mrs. John W. House, Oakhaven, received a Bachelor of Arts Degree from Ouachita Baptist University on May 6th. Susan, whose major is Political Science was graduated Magna Cum Laude. She will enter the University of Arkansas Law School in September.

While at Ouachita Susan was a member of Chi Delta, Social Club; Alpha Chi, honorary scholastic society and was employed in the Biology Department of the University.

# Michelangelo Sculpture Disfigured

By HILMI TOROS  
Associated Press Writer  
VATICAN CITY (AP) — A man who told police "I am God, I am Michelangelo" disfigured the Florentine sculptor's statue of the Pieta in St. Peter's Basilica with a sledge hammer Sunday, but the Vatican's chief engineer said he believed most of the damage could be repaired.

A horrified crowd of tourists and Romans saw the tall, bearded man jump over the marble railing in front of Michelangelo's 472-year-old masterpiece, pull a 12-pound hammer from his folded raincoat and, with cries of "I am Jesus Christ," attack the statue of the Virgin Mary cradling the body of the crucified Jesus in her lap.

"The man was holding onto the Virgin with one hand and clobbering it with the other," an American tourist, Beatrice Pech of Detroit, said. "He was screaming as if he wanted everyone to hear and see. I felt sick. We were so shocked we just didn't know what to do."

The left arm of the Virgin with its hand turned outward broke away and shattered into smaller pieces as it hit the floor. The nose of the Madonna was chopped away and the left side of her face, including the half-closed eye, was disfigured. The figure of Christ was undamaged.

The vandal, identified as Laslo Toth, a native of Hungary now an Australian citizen, fled from the statue and began pushing his way through the stunned crowd before an Italian soldier and others seized him by his long hair. Vatican authorities turned him over to Italian police. The police said he told them, "I am God, I am Michelangelo. I have reached the age of Christ and now I can die."

Toth, who will be 34 next week, was charged with damaging art works and offending religion by attacking an object of worship, offenses carrying four-year prison terms.

After delivering his weekly blessing to the crowd in St. Peter's Square, Pope Paul visited

the damaged statue. He knelt before it and prayed briefly, then heard a report on the incident.

"It will never be the same again," the saddened pontiff said. "Sheer madness. Why such an act to a work that belongs to all humanity?"

Francesco Vacchini, the Vatican's chief engineer, said, "The damage is grave. There are too many small pieces. But we think we can restore so much of it that it can have a good similarity to what it was."

For hours after the attack, workmen crawled on their hands and knees about the statue, collecting every fragment of marble. The damaged statue was covered with a red drape.

## Wins Bass Tournament

HOT SPRINGS, Ark. (AP) — Bobby Murray, a Hot Springs sporting goods dealer, has won the \$15,000 Arkansas National Bass tournament.

Murray's three-day catch totaled 48 pounds, six ounces. He won \$3,000 for finishing first in the tournament, which ended Saturday.

Roland Martin of Tulsa, Okla., finished second with 46 pounds, 13 ounces and earned \$1,200. Joe Wilson of Hot Springs was third with 44 pounds, 9 ounces.

Billy Westmorland of Celina, Tenn., was fourth with 42 pounds, 2 ounces. Tom Mann of Eufula, Ala., placed fifth with 39 pounds, 9 ounces.

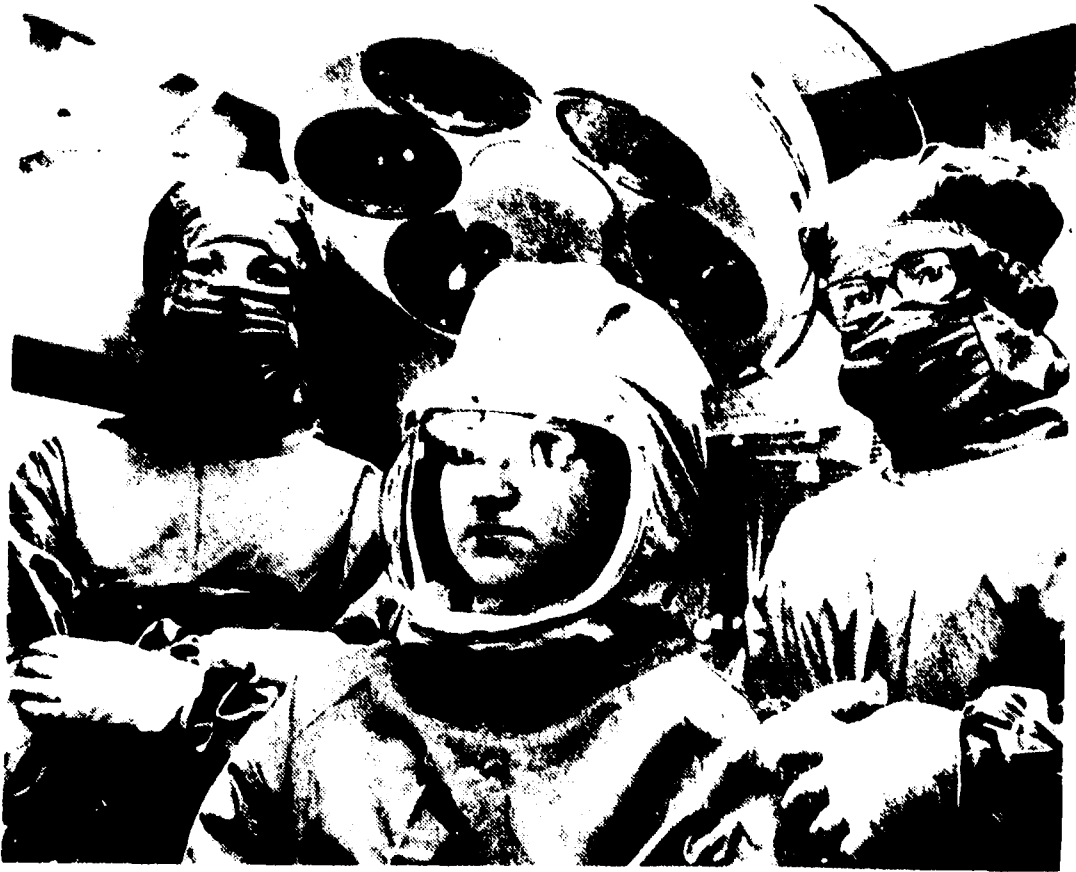

J. O. Brooks of Hot Springs caught a largemouth bass weighing 5 pounds, 4 ounces, largest of Saturday's 546 bass taken by the 160 fishing professionals from 17 states. He earned a \$250 bonus for the catch.

Don Siebert of Muskogee, Okla., won the over-all big fish bonus of \$1,000 with a lunker weighing 7 pounds, 10 ounces.

**KEEPS MONEY AT HOME**  
BALTIMORE (AP) — Mayor William Donald Schaefer wants his department heads to hire city residents for city jobs.

"Giving preference to city residents, as long as they are qualified, makes good sense," the mayor said. "We retain their salaries in the city and thus increase our tax base."

About \$85 million of the city payroll now goes to persons living outside the city limits.

PRETTY SCARY for the patient, you'd think, is this surgical team in what is claimed to be the first "completely sterile" operating room at the university clinic in Goettingen, West Germany. The new garb has a space age look. Surgeons and nurses get in via several "immunizing locks."

## HELEN HELP US!

—by Helen Bottel—

### Forsaking All Others...

DEAR HELEN:  
Help! You're my last resource. I'm very much in love with my husband. Before we were married last June, my mother liked him, too—until my old boy friend came back. Then it was showdown time. She told me I'd have to leave home if I insisted on marrying Deke. So I did! She couldn't believe I'd actually go against her.

I send her cards, flowers, gifts, for every holiday, but when I call her she says if I leave my "so-called high society husband" we can be mother and daughter again. Until then, she has no daughter by my name.

I have two sisters. One left her husband because Mom didn't like him. The other is almost in his shoes.

Why can't my mother see I love her too, and need both her and my husband?—YOUNG BRIDE

DEAR BRIDE:  
Correct! Your husband is you last and best resource, not I! And

certainly not a mother who confuses love with ownership.

Keep the line open with remembrances and occasional letters (they'll make YOU feel better) but don't mourn a "loss" that set you free.—H.

DEAR HELEN:  
In the restaurant today, five people blew their noses while I ate dinner. Would you give your opinion on nose-blowing in restaurants?—M.

DEAR M.:  
When you gotta blow, you gotta blow. Better this than sniffing.—H.

DEAR HELEN:  
If the letter from "Two Bachelors" was no a put-on, it is hard to see why they would expect sympathy from a columnist in this day and age, simply because their tenant brings colored friends to their premises. Your reply, however, proclaims a far greater prejudice of your own—or perhaps cynical ignorance—in its sarcastic presumption that all bachelors (especially if they buy

and live in a house together) are queer.

There are many reasons a respectable man might remain unmarried. Failure of people to recognize that fact drives many a man of immature judgment into unhappy marriage. Personally, I am thankful that economic pressures of my youth prevented some such tragedy for me, and that as a consequence I can now sign myself.—

UNDIVORCED  
DEAR UN:  
As a columnist who has consistently advised, "Don't let society pressure you into marriage, parenthood, any sort of conformity that isn't your bag," I resent your snap judgment. Of course I don't think all bachelors are queer...any more than I think they would all be happier married.

But when a somewhat prissy "pot" (re-read his letter for those petulant phrases) calls the kettle black, he deserves a bit of smearing. And when he asked, "Can't you just imagine what the neighbors are whispering?" he led with his chin! All I said was, "Yes!"—H.

P.S. Besides, I figured the letter for "put-on with a message." Am I right, Bachelors Two?—H.

DEAR HELEN:  
Those "Two Bachelors" deserve all you handed them and more! As a friend of mine said, "When you close your eyes, everything's black." The "two" should close their eyes to the color of their tenants' friends, and maybe the neighbors will close THEIR eyes to a gossip-housewifely-sounding male who says he "Just can't sleep nights worrying about what his neighbors will say."—UNCONDEMNING

### Sports Shorts

By The Associated Press  
BUFFALO (AP) — Joe Crozier, interim coach of the Buffalo Sabres for the last half of the 1971-72 National Hockey League season, has replaced Punch Imlach as the club's permanent coach.

Imlach relinquished his coaching duties after suffering a heart attack Jan. 7. He will remain with the club as general manager.

Terms of the agreement, announced Saturday, were not disclosed.

DENVER (AP) — Millie Martorella of Rochester, N.Y., averaged 210 Sunday to take a lead after the first 12 games in the \$30,000 1972 U.S. Women's Open Bowling Championship.

The 1967 bowler of the year totaled 2,523 to take a 68-pin lead over Pat Costello of Union City, Calif., who totaled 2,455.

In third place is Lorrie Koch of Carpentersville, Ill., with 2,441. Defending Champion Paula Scerber, 1971 bowler of the year from Miami, Fla., is in fourth place with 2,383.

UNION, N.J. (AP) — The Elizabeth, N.J., Sport Club defeated the San Pedro, Calif., Yugoslav-American Team 1-0 here Sunday to win the national finals of the U.S. Soccer Football Association.

PHILADELPHIA (AP) — The Philadelphia Flyers of the National Hockey League have announced the signing of three players to multi-year pacts.

The Flyers said Saturday defenseman and forward Rick Foley, whose contract had a year to go, agreed to three-year terms and left winger Bob Kelly and right winger Simon Nolet signed for two years.

## Zip Code's Value Doubtful

By DONALD SANDEES

Associated Press Writer  
WASHINGTON (AP) — Adding that five-digit zip code to first-class or airmail letters doesn't guarantee earlier delivery, a new nationwide test of mail service discloses.

The mailing of nearly 800 test letters by six Associated Press bureaus in as many cities nationwide showed that eight times out of 10 letters without zip codes reached their destinations as fast or faster than zip-coded letters mailed at the same time and place.

A similar survey conducted 15 months earlier produced about the same conclusions.

Officials of the U.S. Postal Service say that zip codes primarily were introduced to aid in processing mail, make possible the hiring of less skilled persons without having to train them intensively and allow a shift to optical sorting machines.

"Not a great many are in operation now, but we are adding them as rapidly as they can be produced and installed," said Joseph F. Jones, director of the Postal Service's Office of Logistics. "The zip code will play an increasingly important role, and allow us to employ more persons with less skills."

The AP survey also indicated:

—Spending the extra three cents for an airmail stamp doesn't necessarily guarantee quicker delivery. In the case of 45 per cent of the letters in the survey, the airmail letters were delivered at the same time as first-class ones.

—Considerable variations exist in delivery time, often not related to distances involved. For example, letters mailed from Los Angeles to Washington reached the capital faster than those mailed from Washington or New York to Los Angeles.

—In three of the test cities, St. Louis, Los Angeles and Houston, the Postal Service handled local letters in an average of one day. The average time in St. Louis was 20½ hours, compared to 33 in Wash-

ington. —Since the Postal Service does not generally operate on Saturday afternoon and Sunday, Friday is the poorest day to mail letters. In most cases they are not delivered until Monday morning; in at least a dozen cases delivery was delayed until Tuesday.

"We are trying to improve the weekend problem which has been acute," Jones said.

The AP survey was designed to test long-distance as well as local service, involving Chicago in addition to the cities already named. Here's how it was conducted:

At 10 a.m. on Monday, each of the six bureaus mailed a total of 22 letters, two to itself and four to each of the other five bureaus. Both letters addressed to the bureau of origin bore first-class postage; one carried the zip code and the other didn't.

Of the letters sent to the other bureaus, one first-class letter had a zip code, one first-class was without the zip, one airmail letter had a zip code and one airmail letter was without it.

A like assortment of 22 letters was mailed by each bureau again at 5 p.m. Monday, then at the same two times on Wednesday and Friday—yielding a 72-letter test of local service and a 720-letter test of long-distance service.

Receiving bureaus logged the

hour and day each letter arrived. Like most businesses in urban areas, the bureaus get their mail two or more times a day.

Jones agreed that problem areas exist, and said the service has just initiated a program to analyze them one by one and correct the deficiencies.

The AP survey indicated that local service has been speeded up within the past 15 months. The survey in early 1971 produced only one city, Houston, which handled local letters in an average of one day. This year Houston, Los Angeles and St. Louis matched or surpassed that.

But there were lapses: one letter in Houston and one in Washington took 63 hours to deliver, and one in Los Angeles 67 hours—more than 2½ days in each case.

In the survey, half the letters had zip codes and half didn't. A comparison of arrival times of each pair of letters showed: —19 per cent of the letters with zip codes arrived first. —64 per cent of the letters with zip codes arrived at the same time as those without zip codes.

—17 per cent of the letters with zip codes arrived later than letters without zip codes. These percentages varied only slightly from those produced in the survey 15 months earlier.

## LET'S KEEP KELLY

HE'S QUALIFIED

- HONOR GRADUATE U of A. BUSINESS ADMINISTRATION
- 25 YEARS EXPERIENCE IN PRINTING, ADVERTISING, NEWSPAPER BUSINESS
- INSIGHT AND ABILITY IN STATE GOVERNMENT...
- SERVES ALL THE PEOPLE

## KELLY BRYANT

DEMOCRATIC CANDIDATE FOR SECRETARY OF STATE

POLITICAL AD. PAID FOR BY MR. KELLY BRYANT

## TO THE CITIZENS OF HEMPSTEAD COUNTY:

I am coming to you offering myself as a candidate for County Judge of what I believe is the greatest county in the State of Arkansas.

You know me as I have served you to the best of my ability as your County Tax Assessor for several years. My deputies and I have done our very best to bring dignity, honor and respect to that office in which you so graciously allowed us to serve you for these years. I know you—the people of my home county—and know that you are interested in a better Hempstead County, a better future for yourselves, for your children and your grandchildren. I know that everyone of you, as I am, are concerned about a better county road system. This possibility is upper most in the minds of every individual in our county. We are today receiving more money for road maintenance, improvement and construction of new roads than was ever received in Hempstead County. You will agree with me that we have the same roads that we have had for years—still dirt and gravel.

I once worked for the State Highway Department, and altogether I have had nine years experience in state and county road building and maintenance.

If you good people see fit to elect me your County Judge, I promise you that I will use all the know how that I possess to initiate a hard surface road program in our county, using federal aid that is allotted to our county. This can and will be done. Hempstead County is behind for several years in using federal aid fund allotments.

At the same time, I will not forsake the maintenance of any county road to achieve a hard surface road program, but with the proper management and wise spending of your tax dollars, we can carry on as we are now carrying on and hard surface at least 20 miles of roads in the county each year. This I promise to do if elected.

Also, I will keep an open door policy as I have done in the Tax Assessor's office, inviting all citizens interested in a better county to counsel and advise with me on any problem that you may have that will make Hempstead County a better place to live.

From the bottom of our hearts, my wife and I will be forever grateful for your support.

Your Friend,

## CARTER SUTTON

Price of  
STYROFOAM vs. urethanes?

# NO COMPARISON!

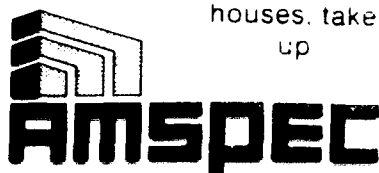

3/4" STYROFOAM SM costs  
up to 25% less than  
1/2" of laminated urethanes.

That's just one of the reasons you should be using STYROFOAM® SM brand plastic foam insulation in your chicken houses. 3/4" of STYROFOAM SM is all you usually need to effectively and permanently insulate your poultry houses. (And just think of the insulating job 1" of STYROFOAM will do!) STYROFOAM SM is rigid board insulation, goes up easily and quickly. And it's available right now... whenever you need it... because it's produced right here in Arkansas.

STYROFOAM SM has its own built-in vapor barrier, so laminated aluminum or kraft paper facings aren't necessary. STYROFOAM SM is self-extinguishing, and it's tough enough to take on high pressure hose clean-up.

STYROFOAM SM gives you a poultry house with improved environmental control of your chicks, reduced heating costs, lower mortality, higher production. 3/4" of STYROFOAM SM provides 35% more insulation value than 1/2" of laminated urethanes. And it does it all for up to 25% less.

So when you're thinking about insulation for your chicken houses, take a look at how STYROFOAM SM stacks up... performance-wise and price-wise... against any other insulation material. There's just no comparison.

Amspec Inc.  
1880 Mackenzie Drive  
Columbus, Ohio 43220

You can buy STYROFOAM SM for your chicken houses at any of these dealers:

- Camp Insulation & Supply Co., Inc., Hope, Ark.
- Hempstead County Farmers Assn., Hope, Ark.
- Sevier County Farmers Coop., Jonesboro, Ark.

# Berkline Letter

THE BERKLINE CORPORATION

May 17, 1972

Tom Ed Hays, Jr., President  
Hempstead County Industrial Foundation, Inc.  
P.O. Box 250  
Hope, Arkansas

Dear Mr. Hays,

We have been extremely busy since returning from our Arkansas visit. As Mr. Westhaver mentioned to you, the Berkline Corporation is in the process of going public with its stock, and this has absorbed a considerable portion of management's time. In addition, we are preparing a Five Year Manufacturing Operations Plan, and with both of these projects in process, there has been little time to pursue our studies of a site location. When time permits, we plan to continue with our studies of the available areas. Be assured that we will remain in contact with you, and all parties concerned will be immediately advised when Berkline has reached a decision.

Howard, Frank, and I were all favorably impressed by the sincerity of the warm reception which we received in your town. Your presentation of industrial data was most complete and in good taste. It is exactly the kind of business data which is required and appreciated by industry. You have many fine citizens in your community whose actions proved to us that you are progressive and interested in promoting industry. I enjoyed meeting all of you and have many pleasant memories of my visit in your community.

Sincerely,

Charles T. Gantle

/dhp

## Bremer Made Ferry Trips

MILWAUKEE (AP) — A Milwaukee ferry manager says Arthur H. Bremer appeared with a swarthy, well-dressed companion to arrange the first of three mysterious trips Bremer made across Lake Michigan in the weeks preceding the wound-

ing of Gov. George C. Wallace. Bremer, 21, is charged with shooting Wallace on May 15. Mounting evidence indicates he followed the Alabama governor for more than two months.

Records of the Chesapeake & Ohio Railroad in Milwaukee show that Bremer took the C&O ferry from Milwaukee to Ludington, Mich., on April 9 and May 9. Records in Ludington show he made the 97-mile trip in the opposite direction on April 28.

The C&O ferry-trainmaster, Earl S. Nunnery, told The Associated Press he recalls that Bremer and a man who appeared to be of Greek descent made arrangements for the ferry trips.

A third person was traveling with the men but did not enter the ferry office, Nunnery said. This was the first report that Bremer had had companions in the weeks preceding the shootings.

FBI agents questioned Nunnery and examined ferry records following the ferry manager's interview with the AP.

Bremer had been seen in Milwaukee at a Wallace celebration just 2½ blocks from his apartment on April 4, the night of the Wisconsin primary. It was in the next day or two, according to Nunnery, that Bremer appeared at the ferry office on the Milwaukee docks with the unidentified man.

## Effects of Busing Revealed

BOSTON (AP) — The immediate effects of forced and voluntary school busing in five northern cities have frustrated the expectations of pupils, parents, and policy makers, a Harvard University sociologist says.

Prof. David Armor, an integrationist, said the "before and after" studies on the five school systems show indifferent academic achievement, lower grades, faltering self-confidence and reduced racial tolerance.

The studies were conducted in Boston, Hartford and New Haven, Conn.; White Plains, N.Y.; Ann Arbor, Mich.; and Riverside, Calif.

Armor's analysis of the five school systems led him to these conclusions:

—Integration achieved through busing has no significant effect on academic achievement, as measured by standardized tests.

Armor reported that although black pupils in white schools score slightly higher on the tests they made no more progress than did "control groups" in their own community schools and actually received lower grades than did their peers in the community schools.

—The education and occupational aspirations of black pupils are not furthered by integration by busing.

Although pupils surveyed in Boston showed a significant decline in college aspirations from 1968 to 1970, dropping from 74 per cent to 60 per cent, Armor believes this could be a normal result of growing up.

—The self-esteem of black pupils is not increased by integration by busing.

Some black pupils being bused showed less confidence in their academic abilities than did their peers in community schools, Armor said, while their self-esteem was consistently low and unaffected by integration.

—Integration increases racial awareness, reduces opportunities for contact between

## Hopetful Note for Wallace

GEORGE WALLACE with wife Cornelia at a fund-raising event in New York last September. She expressed confidence in his recovery.

By JANET M. STAIHAR  
Associated Press Writer

WASHINGTON (AP) — Gov. George C. Wallace of Alabama has regained some involuntary muscular activity to his toes and has some sensation down to the mid-thigh, doctors said today.

Physicians at Holy Cross Hospital where the governor is being treated for gunshot wounds said in a medical bulletin that over the past 18 hours there has been some return of involuntary muscular activity to the toes of both feet. They said the movement is more pronounced in the left foot.

Wallace exhibits normal reflex actions when the sole of his foot is stimulated, doctors said. The bulletin added that "there

is also encouraging evidence of increasing sensations down to the level of the mid-thigh."

The doctors said the significance of this involuntary muscular activity in relationship to the final degree of recovery from paralysis is "difficult to ascertain at this time but is most encouraging."

Wallace's son George Jr., 20, told doctors Sunday night that he visited his father and learned that he was regaining some feeling.

"I tickled his foot and his toes moved and I pulled up the sheet to let him see it," said Wallace's son.

Wallace has been paralyzed in both legs since he was shot four times Monday at a campaign rally in Laurel, Md. One bullet remains lodged in his spine. Doctors hope to operate and remove that slug sometime this week.

In another development Sun-

day, sources in Wallace's temporary campaign headquarters at the hospital said the governor will be transferred to a Birmingham medical center when the weather clears. It was cloudy and rainy here over the weekend.

Arthur Bremer, 21, of Milwaukee, the man accused of shooting the Democratic presidential hopeful, remains in jail at Towson, Md., on \$200,000 bond.

### LAKE FOR SALE

PARIS, Tex. (AP) — If somebody in the town of Deport tries to sell you the city lake, they might be serious.

The Deport City Council has advertised for sale to the highest bidder the 33.66-acre city lake property, which includes seven acres of surface water and a four-room house.

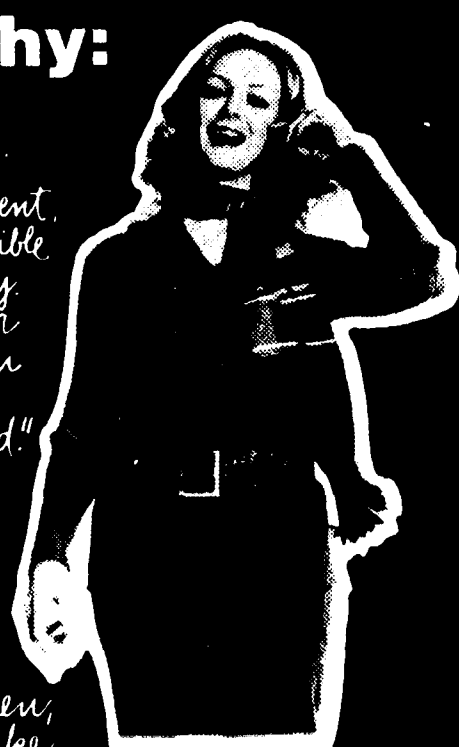

Deport gets city of Paris water from Pat Mayse Lake, and no longer needs its own lake.

# People who test drive a Chrysler, buy a Chrysler

## Here's why:

"For the money I spent, I got the best possible car I could buy. It's more car for the money than you'll get in any other brand."

Women, too like Chrysler. And for much the same reasons as men. In a Chrysler, you get a big-car ride, you get big-car comfort and room. In fact, everything is big but the price. And that's one of the nicest things about a Chrysler. See us and see why.

"I bought a Chrysler Royal and before I did, I checked it out against a comparably equipped Ford LTD and you know, there wasn't \$50 difference between the two."

## YOUTH BEAT

The National Report on What's Happening

## London Is Big, Big, Big on Rock Scene

By ERNESTINE GUGLIELMO

ROCK SCENE—The London Orchestra is now a big part of the rock world, with more and more groups recording with them. The latest, Procol Harum, are currently recording with the London Orchestra for their next album.

Sly Stone lost a few more fans in the Harlem area because of his late arrivals and no-show one night at the Apollo. Sly just didn't feel like going on. Now he's going to have a hard time being booked anywhere because of his "unpredictability."

"Mark, Don & Mel 1967-1972," No. 7 LP for Grand Funk Railroad, got them their seventh gold album. "Up-setter," their latest single, put them on the singles chart again, which means they haven't been off the chart for more than a week since their first record, "Time Machine," in 1969. But their lawsuit with Terry Knight might knock them off permanently.

A new sound to a very old song comes with the re-release of "Amazing Grace." Reaching the top of the British charts, the hymn, performed on bagpipes, drums and by military band, has caught on as a novelty over here.

George Carlin, whose popularity has grown in proportion to his hair, is making the rounds of the colleges across the country. The comedian's album, "FM & AM," has material from the old George and the new one, and from its selling record it's accepted by the over and under 30s.

On film: There's Richard Nader's Rock & Roll Revival concert with Chuck Berry, Fats Domino, Little Richard, Bo Diddley, the Shirelles and Bill Haley and the Comets turned into an album and now is on film. And Bill Graham, not missing a trick, has "Fillmore" with scenes from the historic closing of Fillmore West.

NOTHING TO DO?—Summer projects performed in the community will be eligible for the NEA/Cavallero Time to Get Involved Contest. The \$1,000 grand prize will be announced in December.

VOTE ON WAR—California is trying to bring the war to the people, at least to the voting public.

The Air Wave Initiative, which opposes further bombardment and calls for immediate withdrawal of financial and military support to Southeast Asia, needs 25,000 signatures by June 16 in order to be placed on the November ballot.

Benefit concerts have been gathering people to the cause. Joan Baez, her sister, Mimi Fariña, Taj Mahal are some of the people who have performed in these benefits.

NEW YORK—New Yorkers vote 21-10 in favor of a public office.

A new group of judges across the country will be appointed by the Supreme Court. New York will have three judges on the bench. Attorney General Lett will be the first to be appointed to the Constitution. The new judges will be appointed by the state's highest court. The new judges will be appointed by the state's highest court. The new judges will be appointed by the state's highest court.

## STRENGTH IS COSTLY

LONDON (AP) — When Anthony Hoyle and his brother-in-law stole the wheels from a parked car they didn't need a jack to lift the vehicle.

Inspector Harry Glover told the Oldham Lancashire, magistrates, "Hoyle is a powerfully built man — he lifted the car bodily while the other man took the wheels off."

Hoyle, 24, was fined \$39 and his brother-in-law, George Davis, 28, was fined \$52 and ordered to pay \$104 restitution.

## Klein Collection Has Monotone Theme

By ANN HENCKEN

Associated Press writer  
NEW YORK (AP) — "We are doing this entire line without the wrap jacket," was the word at the Anne Klein and Company fall fashion showing on Thursday.

However, Miss Klein, who went a long way toward bringing the sportswear look superstar status, showed most of the trendy ideas for this fall as well as salable ones from last year.

From last year, she shows: The blazer in dark velvet over plaid skirts.

The gaucho pants in leather with matching jackets.

The battle jacket: with tied waist, in suede.  
Slacks with waist lines at the hip in heather herringbone and leather.

The layered look: shirts, sweater vest, scarf, jacket. The long wool skirt and shirt look.

Ideas which are strong for fall 1972 are:

The wrap coat: in gray wool or bright red.

The monotone theme: important in this collection, in red-brown pants outfits, and done best for evening in whites. The whites included fluffy leather pants, sweater and fluff coat, or white sweater dresses and cardigans.

Plaids: skirts and larger blanket plaids.

Raglan sleeved jackets. The top: smooth-looking in camel wool, with flap pockets.

Dolman sleeved dress, in white ribbed wool.  
Miss Klein also does a skirt with low V-shaped waist in suede, paired with matte jersey hooded tops.

She uses the halter jumper in full length wool, with matte jersey tops.

RUSTLES OWN HORSE.  
BEAUMONT, Tex. (AP) — Then there was the man who rustled his own horse.

A horse, roaming loose on a street, was taken to the City Pound.

When his master learned what had happened, he dashed to the pound. Finding no attendant there, he whipped out a hacksaw, cut the chain, and rode off into the sunset.

## LAKE GEORGE OPERA

GLENS FALLS, N.Y. (AP)

The Lake George Opera Festival is planning its most ambitious season ever, during a seven-week period beginning July 13.

Two will be eastern premieres, "Black Widow," by Thomas Pasatieri, which received its world premiere by the Seattle Opera in March, and "Postcard from Morocco" by Dominick Argento, and John Donahue, which was premiered by Center Opera of Minnesota last year in Minneapolis. That company will present it here.

The Lake George company also will present "The Three Penny Opera" by Bertolt Brecht and Kurt Weill, Benjamin Britten's "The Rape of Lucretia" and Giacomo Puccini's "Tosca."

There also will be two evenings of "Mozart Gala."

When the Heart Skips a Beat

By Lawrence Lamb, M.D.

Dear Dr. Lamb—We read your column every day, and though you have discussed this before I would appreciate it if you would comment again. For six months I have had skipped heartbeats. Six months ago after a bowling session I took a hot bath and nearly fainted. My doctor, five or six internists and one cardiologist all assure me my heart is okay and that all I have is skipped beats or tachycardia and am too nervous. It is making me a nervous wreck. I am 66 years old, retired and quit smoking 20 years ago. There

are many old people who live here in the retirement village with me who have the same affliction.

Dear Reader—Yes this problem is very common. It is the result of an irregular heart beat; that is, one beat may occur early causing a longer pause than usual before the next beat. This gives rise to the sensation of a skipped beat. Sometimes the second beat is stronger because more blood has accumulated in the heart during the pause.

Many people have these and are totally unaware of them. The difference is probably a matter of how forceful the second beat is as well as how sensitive the person is. Now that you are aware of them you are more concerned about them, and this can aggravate the problem. When I evaluated thousands of apparently healthy men flying aircraft this was the most frequent irregularity of the heart and occurred in all ages, even in some of the astronauts. Everybody probably has some of these at one time or another.

Things which seem to aggravate this condition include nervousness or anxiety, indigestion, cigarettes and coffee. Incidentally, some people get over these problems by gradually increasing their physical activity.

WIN AT BRIDGE

Wangling an N.T. Overtrick

Table with 4 columns: NORTH, WEST, EAST, SOUTH. Card counts and suit symbols.

trump. You have fixed it to give an expert a chance to go after an overtrick.

"He wins the first spade and knocks out the ace of clubs. West plays a second spade. South takes that also, cashes the rest of the clubs and leads a third spade."

Jim: "He doesn't risk his contract. If West started with five spades, he takes three spade tricks, but West started with just four. When he takes the last spade, East, who will have had to discard three times on clubs, will be squeezed in the red suits. South throws a diamond from dummy and a heart from his hand and makes the rest of the tricks."

Oswald: "A lucky squeeze and, of course, an alert West can stop it by simply refusing to cash the last spade." (NEWSPAPER ENTERPRISE ASSN.)

CARD Sense

The bidding has been: West 1 ♣ North 1 ♠ East 1 ♥ South 1 ♠ Pass 2 ♠ Pass 3 ♠ Pass 4 ♠ Pass 5 ♠ Pass 6 ♠ Pass 7 ♠ Pass 8 ♠ Pass 9 ♠ Pass 10 ♠ Pass 11 ♠ Pass 12 ♠ Pass 13 ♠ Pass 14 ♠ Pass 15 ♠ Pass 16 OUT OUR WAY

By NEG COCHRAN

"If my vegetable garden doesn't get enough sun, I can shine our sun lamp on it from the kitchen window. And if there isn't enough rain, I can sprinkle it from up there too!"

"And if you can figure a way to pull weeds and harvest your crops from up above, there'll be none for you to leave the house at all!"

CARNIVAL

By DICK TURNER

"It's hard to realize that he's cost me \$8,562.62 in four years! It seems like only yesterday that it was 50c a week!"

OUR BOARDING HOUSE

By MAJOR HOOPLE

"Amos, go put up the screens! I've got somebody coming to look at the upstairs room and I don't want him to think this is a jungle!"

"My word, Martha, must we join the world's mindless pursuit of gold? Should we drop our schedules and abandon our research for every lackey who raps on our door?"

QUICK QUIZ

Q—Who was the first woman to be nominated for the office of president of the United States?

A—Victoria Claflin Woodhull, who ran as the candidate of the Equal Rights Party in 1872.

Q—Which is the most distinctively American breed of horse?

A—The Quarter Horse, developed in America during the early 1700s. Breeders crossed thoroughbreds from England with horses from the Spanish colonies of North America.

FLASH GORDON

"Care to purchase one of these beautiful cravats, Sylvor?"

"Giggle... snicker!"

"Haw! Haw! Yaaa!"

"A simple 'no' would have sufficed!"

PRISCILLA'S POP

By AL VERMEER

"Did you notice Lipstick?"

"He noticed."

"What? Said to get a bite?"

"He noticed."

"LITTER GULPER" is the name of this behemoth, with inventor Jerry Fleming of Oroville, Wash., at the controls during a demonstration in St. Louis, Mo. It somewhat resembles a fire truck, and has an extendable collection arm and scoop for picking up bottles, cans, paper and other litter. The arm extends to 17 feet and raises four feet above or below road level.

## Blue Spring, Near Eureka, One of State's Many Fine Spots for Vacation-Time

By SUSAN MCMURRY  
Travel Writer Dept. of Parks and Tourism

the spring. Daniel Boone is said to have been another of these early visitors who stopped with an Indian companion and rested as a new pair of shoes was constructed for him.

The main body of water formed by the spring within the modern park boundaries is contained in a perfectly round pond which flows at one end into a stream rushing over a lovely waterfall. One of the original owners of the land had a round retaining wall built around the pond to preserve the natural shape. His young fiancée had the surrounding green landscaped with flowers and concrete steps leading up to a small hill overlooking the spring. Here they were married in a setting fit for the most holy of altars.

In the center of this spring-fed pond is a funnel-like hole that adds to the mystery of the place. Some 64-million gallons of water gush from the spring each 24 hours. The naked eye can see what must be millions of gallons of it continually swirling down into this central funnel. The hole has been sounded to around 500 feet in depth, and there is an indication of an abrupt curve to the west. But beyond that point, no one knows what structure it takes. At one time, a variety of trout appeared in the pond which is found only on the west coast; therefore, one theory states that there is the possibility of an underground river which runs from west to east with earthside access at Blue Spring.

The mystery of Blue Spring is all around you, and for those interested in early American history and legend, it is a precious site. When visiting on a weekday during the off-season, it is like entering a house of ghosts due to the silence and beauty. Mrs. Chyrchill, who now owns

the park, tells of an ancient Cherokee gentlemen who came there recently. He came to visit the spot his grandmother had described as a place of tears when he was a child. He could recall it as the secret meeting place of Indian chiefs during his own lifetime, and wished to see the spring just once before he died.

A visitor needn't be a history buff, however, to thoroughly enjoy Blue Spring. At the entrance to the park area is a pen holding Miss Annie, a beautiful doe. No pets are allowed into the area due to the number of other animals living there. Two stags in the pen with Miss Annie, in fact, were recently frightened by dogs and jumped the fence. As you descend the wooden steps into the deep gorge where the spring lies, a sign requests no smoking or removal of "souvenirs", such as rocks and arrowheads. The owners, you see, are determined to keep the area clean and safe for generations to come. Furthermore, the University of Arkansas has explored and studied the archeological site, removed pottery, skeletons, and arrowheads. If other finds remain for discovery, they should not be disturbed before the scientists can examine them. All objects removed for study will eventually be returned for exhibit at the Blue Spring site.

When reaching the bottom of the gorge, the visitor stands beneath the hieroglyphic rocks. Following the path, he walks along the spring toward the round pond. There are scattered structures that many visitors think are gumball machines; however, upon closer examination he finds they dispense corn for feeding the citizens of Blue Spring—the tame, free-roaming Mallard ducks and the trout in the pond. If the corn is thrown into the pond, both ducks and fish leap to compete for the snack. It is a delight for all ages and adds humor to the rather solemn setting.

Mrs. Chyrchill states that the farmland surrounding the spring is just as it was 100 years ago, with some of the original wagon tracks stretching across it. On a hill overlooking this land and the spring below is a plaque bearing the poem by Arkansas' Edsel Ford called "The Trail of Tears", which heightens the romance and appreciation of the setting. The plaque stands at the head of the "wedding steps" constructed years ago.

This tiny spot in the Arkansas Ozarks, frozen in time and refreshingly lovely, awaits the visitor just west of Eureka Springs. Make it a major stop on your travels this summer. Spend an hour or a day there and explore this beautiful historical site.

For information about travel routes and other tourist attractions, contact the Arkansas Department of Parks and Tourism, Room 149 State Capitol Building, Little Rock, Ar 72201, or phone (501) 371-1511.

**TALLEST MAN ON 66**  
STANTON, Mo. (AP)—Ed Carmel, who claims to be the world's tallest man at 9 feet, 1 inch, has much ground to cover.

He is traveling up and down 2,200 miles of U.S. 66 this summer making speeches, public appearances and distributing literature on two Missouri tourist attractions.

**TEXAS CARS INCREASE**  
AUSTIN, Tex. (AP)—Texas will have 7.2 million motor vehicles registered for 1972, says H.C. Pittman, executive vice president of the Texas Automobile Dealers Association. Only California exceeded Texas in motor vehicle registration.

## Here's A Good Idea...

When making pancakes, dip the spoon in milk or water and the batter will drop off easily. Here's a similar idea for icing a cake. Dip the knife in hot water before spreading the icing. The icing will go on smooth and not stick to the knife.

**Cleaning tip:** A small sponge attached to the end of a yardstick is great for reaching hard-to-clean spots such as under a door and around heavy appliances. Try waxing your dust pan. Dirt will slide off easily when dumping.

When onions are peeled under water, they won't irritate the eyes. Salt, seasoning spices, flour and solids should all be measured "level" in recipes. A slice of bread in the cookie jar will keep homemade cookies fresh. Change the bread about every other day.

**Saving tip:** Put your "loose change" in a jar or bank at the end of each day. You'll be surprised how fast it adds up.

Try putting chocolate sauce on cereal—hot or cold. Kids love the flavor.

**Puppy advice:** Glue a rubber fruit jar ring to the bottom of Fido's eating and drinking dishes. The dishes won't slide around the floor. To bake potatoes in a hurry, first boil them in salted water for 10 minutes. The boiling water

beats the potatoes through more rapidly than when they are placed in the oven cold.

**Whether storing leftovers, making up lunches or preparing for picnics,** use a plastic food wrap with "Touch Control." The new control added to Handy-Wrap brand plastic wrap increases its "cling" nearly 30%, yet makes it easy to handle. The wrap keeps food fresh and, unlike bags, is easily adaptable to any shape. School tip: On rainy days, books covered with plastic wrap will stay dry.

When broiling ground beef for a chili or spaghetti sauce, the meat can be easily separated with a potato masher.

For a different flavor treat, use a thin cheese spread in place of butter or margarine on sandwiches. Complete the sandwich with any filling you wish.

Try this for tenderizing chicken. Rub the inside and outside with lemon juice before cooking.

On the subject of lemon juice, heating lemons before using can double the quantity of juice.

For a very tasty chocolate

## PERSONAL FINANCE

If you need something to puzzle about in your spare time, try this: Where do old mobile homes go to die?

If you get the answer, let somebody know. Figures show that well over half a million have "worn out," as housing, in the past five years. There is no equivalent of the auto graveyard for mobile homes, and they aren't demolished like traditional houses. So the half million-plus must be around somewhere, but industry experts can only guess at what's happened to them. Most of them seem to have vanished. Today more than 1.8 million households call them home, and a projection indicates that they'll house 3.4 million families by 1976.

Another oddity about mobile homes is their name. Actually, they're about as movable as a beached whale. It's economics that anchors

them in place. The average cost of moving and hooking one up in a new location is about \$500, and other expenses can bring the total to \$1,000—which can't be financed, as it usually is when initial location is included in the purchase price.

Other facts brought out in a comprehensive study of the mobile home phenomenon indicate that you're a likely candidate for inhabiting one of these nonmobile mobile dwellings if you're a young "starter couple" in the 20-35 age bracket, or a retirement couple in California, Arizona or Florida.

The study, made for First National City Bank of New York by Shiefman, Werba & Associates, Detroit, shows that the mobile home has come a long way from its beginnings, back in the '40s, when it was known as the "house trailer." Today, deluxe and custom models sell for more than \$25,000, and the industry thinks this is where its future is.

There is no such thing as average cost, nationally. It varies regionally, and with size and amenities. Mobile homes are sized by width in feet. The erstwhile trailers were "eight-wides." Around 80 per cent of sales today are "12-wides," ranging from \$4,500 to \$10,000, with deluxe models as high as \$12,000.

Introduced about two years ago, the "14-wides" are increasingly popular, at \$5,500 to \$10,000. "Double-wides," with two bedrooms and two baths, start at \$8,000 for the 24x47 size and go to \$15,000 for the standard-size 28x60. Mobile home living may not afford quite the low-budget way of life it's generally credited with being. The Shiefman, Werba study notes that the economics of mobile home ownership are "more seductive than they ought to be." Loan payments (at 7 or 7 1/4 per cent) vary with the term of the loan—most often seven years, though 10- and 12-year loans are made, usually by savings and loan associations.

A cost comparison is made in the study, between a typical mobile home (cost, \$6,500) and comparable housing in a "minimum" apartment (\$150 a month). The mobile-home dweller's costs include loan payment, park rent, heating and maintenance, less the tax deduction of a taxpayer in the 20 per cent bracket.

With one of the long, 12-year loans (and the lower monthly payment), the mobile home owner has monthly out-of-pocket costs 50 cents lower than the apartment dweller's. But with the more typical seven-year loan, his monthly expenses are \$31.50 higher.

## DID YOU KNOW...

YOUR BODY IS ALWAYS CHANGING EVEN THOUGH YOU ARE THE SAME HEIGHT AND WEIGHT. YOU'RE ACTUALLY GROWING "IN PLACE" EVEN WHEN YOU'RE STANDING STILL.

BY A PROCESS CALLED MITOSIS, THREE BILLION NEW CELLS HAPPEN EVERY 60 SECONDS. A NEW YOU EMERGES.

WHEN YOU DRINK MILK, THE LIQUID FOOD, YOU GET BODY-BUILDING CALCIUM AND PROTEIN, SO THE NEW YOU CAN BE HAPPIER AND HEALTHIER.

## A Wallace Prognosis

# Paraplegics Can Lead Busy Lives

By DAVID HENDIN  
NEA Science Editor

NEW YORK — (NEA) — Even if his physicians' worst fears come to pass and Gov. George Wallace becomes a permanent paraplegic, there is no reason to believe his political prognosis must be as grim as the medical one appears to be.

"The outlook cannot be predicted, but it is not favorable. It would be unusual to get complete recovery under these circumstances," said Dr. James Galbraith, head of the University of Alabama's Neurological Department and a member of the surgical team that operated on Wallace after a would-be assassin shot five low-caliber bullets into the candidate's midsection.

Physicians say that two of the bullets caused serious damage. All of them were removed except for one, which was lodged dangerously close to his spine. The injuries caused by this bullet were being blamed for a paralysis of Wallace's lower extremities.

Wallace suffered other wounds in the abdominal area. But the primary concern remains the possibility of permanent paralysis from the waist down, a condition known as paraplegia.

One of the surgeons attending the Alabama governor, Dr. Joseph Shanno, voiced early hope that Wallace would make a full recovery. He added, however, "If worst, you could say he would have the same disability as Franklin Delano Roosevelt."

Although FDR was confined to a wheelchair for a number of years, his disability was due to polio. His legs were paralyzed, but he had feeling in them.

In paraplegia not only are the legs paralyzed, but there is no feeling in them, explains Dr. Howard A. Rusk, a pioneer in rehabilitative medicine and director of New York University's famed Institute of Rehabilitation Medicine (IRM), the largest such center in the country.

It is difficult, Rusk says, for physicians to determine the seriousness of Wallace's condition because when the spinal cord is injured there is an initial swelling process. The swelling, which is one of the body's first steps toward healing, "shows the same symptoms as lesions," or actual injuries to the spinal cord. If severed, nerve tissues, such as those the spinal cord is made of, do not heal.

The spinal cord is a bundle of nerves going from the brain to the muscles, skin and internal organs. It can be compared to an electric conduit which connects the power station with the lights in your home. If the conduit is cut the lights do not work. If the spinal cord is cut, parts of the body below the injury are separated from their connections with the brain.

If there is no permanent damage to the cord itself, and "if there is minimal swelling, there may be improvement quite early. But we have seen improvement go on not only for days and weeks but for months," Rusk explains.

It is estimated that there are 100,000 paraplegics and quadriplegics (all four limbs paralyzed) in the United States, and there are some 10,000 new cases each year. Most come from traumatic injuries associated with sports, automobile, diving or similar accidents.

Today, however, the paraplegic and quadriplegic can lead next-to-normal lives in literally every way.

"Fifteen years ago," Rusk says, "if you got 10 to 15 percent of them back into some kind of life you thought you were doing pretty well."

But in a recent follow-up study of 141 paraplegic and quadriplegic patients treated at IRM in the last three years, 83 percent were found to be back at school or at work in gainful occupations.

"Prior to antibiotics and newer surgical techniques, bladder, kidney and skin care, the prognosis for life expectancy in the spinal cord-injured patient was very low," Rusk says.

Today, however, the life expectancy of the person with such injuries is within two years of normal, an average lifespan for quadriplegics and paraplegics of 70 years.

With proper rehabilitation they can learn to meet all the needs of daily living. They can drive their own

**'One tends to get so involved in his work that he pays no attention to the disability'**

car, with hand controls, type, shave, bathe and work office machines.

Over the years the Institute for Rehabilitation Medicine has had scores of lawyers, executives and doctors as patients, and today they are all living full, active lives.

Indeed, today there are quadriplegics and paraplegics active in high government circles.

Deputy Assistant Secretary of State Alan Reich is a quadriplegic who broke his neck in a diving accident in 1962. At the time he was an executive with the Polaroid Corp. Today, he says from his office in the State Department, "One tends to get so involved in his work that he pays no attention to the disability."

Reich drives to work every day and goes to his office by wheelchair via an elevator. "Doing a lot of flying in a wheelchair is a little bit awkward and cumbersome, particularly when it involves overnight travel, but the airlines have been terrific," he says.

Lyman Kirkpatrick, former executive officer of the CIA, is another quadriplegic, confined to his wheelchair because of a serious case of polio. Today Kirkpatrick is professor of political science at Brown University. He is now on sabbatical leave, but instead of

vacationing he has taken the Chester W. Nimitz Chair of National Security and Foreign Affairs at the Naval War College.

Another active and well-known quadriplegic is former Brooklyn Dodger catcher Roy Campanella. After the accident that disabled him, Campanella has led a full life coaching baseball, doing his own radio program, charity work and raising his family.

"In the paraplegic with no complications, our average training time to get to an ability to meet all needs of daily living is about 120 days," Rusk explains.

As far as recreation, the paraplegic is certainly limited by the fact that he cannot use his legs. But he can drive, shoot archery, bowl and even play basketball. The annual Para-Olympics also has shot putting and javelin throwing as events and they are "very hot and spirited games," say witnesses.

Neither is mental function affected by the paralyzing conditions. Once a person is injured permanently in this way accepts his condition the battle is all but won. Dr. Rusk says.

"In my opinion," he adds, "once a person comes through and is rehabilitated his mental stability is

strengthened.

"They have a depth of spirit that many of them didn't previously possess."

## Retail Seminar Scheduled

The Seventeenth Annual State Retail Seminar which is conducted annually under the joint sponsorship of the Arkansas Council of Retail Merchants and the College of Business Administration of the University of Arkansas, will be held at the Arlington Hotel in Hot Springs, June 4-6.

In announcing the program

yesterday J. D. Sharkey, President of the State Retail Council, pointed out that the Seminar is being conducted for the purpose of bringing to Arkansas retailers the latest available information regarding modern retail methods. The Seminar this year, he said, will give special attention to public policies as factors influencing merchandising techniques.

Other featured discussions will include "Appraisal of the Economic Outlook for Arkansas", "Increasing the Efficiency of Retailing through Better Communication With Customers and Employees", "Freight and

Credit Problems", and "Participation of Retailers in Public Affairs."

The Annual Seminar Banquet will be highlighted by an address by James A. Egger, Egger's Department Stores, Columbus, Mississippi, who will discuss "Activities Essential To Successful Retailing".

Thomas E. Wheeler, Director of State Public Affairs, Grocery Manufacturers of America, Inc., Washington, D.C., will discuss "New Factors In The Marketing Procedure".

The Seminar, Mr. Sharkey pointed out, is open to all merchants and other interested

people. Advance registrations may be made, or additional information regarding the Seminar obtained, by addressing the Arkansas Council of Retail Merchants, 323 Hall Building, Little Rock, or the College of Business Administration, University of Arkansas, Fayetteville.

## SOME GRANT

FRANKFORT, Ky. (AP) — A \$460,000 federal grant has been made for a Western Kentucky pilot project which seeks to treat acid water from strip mine sites and use it to irrigate vegetation on reclaimed land.

# Safeway's (the) place to buy Meat

It's been true for years and years. It's just as true today!

**SAFEGWAY**

## Cooked Hams

Meaty and Tender Shank Portions, Fully Cooked, Water Added. EVERYDAY DISCOUNT!

Our low discount prices in all departments bring remarkable savings. You get better foods for less money at Safeway and go home with our promise that everything will please.

## Job Application Is A Test in Itself

By ERNIE HOOD

Young readers across the country are very busy on job application letters for the approaching summer judging from the many requests for assistance.

There's no "pat formula" for an application letter. As a matter of fact, an application is more than a means of applying for a job—it's a test in itself, especially when done by mail rather than in person.

As John E. Keefe notes in his recent book "The Teen-ager and the Interview," interviewers are trained not to prejudice or rely on first impressions. But the temptation is great when confronted with an incomplete, soiled, misspelled or torn letter.

Applications should be typed if possible, but in any case they should be neat. Erasures should be avoided, but if unavoidable, they should be done cleanly and with a proper eraser for the type of paper used.

Questions should be read carefully before being answered. Before filling in a form, it's a good idea to jot down answers to complex questions on a separate piece of paper.

Here are a few pointers on the types of questions likely to be asked, as offered by Mr. Keefe:

**Address**—One or two, permanent and temporary, may be requested, so the question can be a problem for students at school who plan to work away from home during the summer. Be sure to list an address where you can be reached from time to time or from which mail will be forwarded. Don't overlook the postal zip code.

**Telephone**—It's really important to list a number where you can always be reached. Best hours for calling also should be noted.

**Social Security Number**—Obtaining a number is easy and without it chances of getting a job are slim.

**Type of Work Desired**—This question is extremely important, and you shouldn't undersell your talents or be afraid to extend yourself. Be specific—do not apply for "general work" or "handyman." Instead, analyze what you can do—drive a vehicle, type, be a trades helper, a laboratory aide, make car repairs, etc.

**Driver's License**—The ability to drive can be a deciding factor. An applicant who can operate a vehicle with a manual gear shift will have an advantage.

**Condition of Health**—If in normal health, you should list "excellent" or "very good." The person who lists "good" may leave the impression that he is prone to less than "good" health. In fact, many times he

quire a physical.

**Height and Weight**—It's important this be filled out. This information is often needed because the applicant might be short, tall, light or heavy for a specific job.

**Previous Employment**—Don't try to hide it—records will be checked.

**Salary Expected**—Don't oversell your talents. Try to find out in advance the salary structure of the firm, keeping in mind that most teen-agers have had little experience, and are usually paid in prevailing starting wage and this should answer "the prevailing wage."

**Education**—All education, formal and otherwise, should be listed. Special courses such as a summer typing course or a Red Cross Safety program also should be shown.

**References**—Be sure to provide correct addresses, and it's a good idea to mention your application to your references.

**Written Evaluation**—Some applications require a short, handwritten self-evaluation or biographical sketch, so you should first prepare a draft statement, organizing your points carefully and accurately on a separate piece of paper. Then put it into your application, keeping in mind that the employer will be looking for legible handwriting, good grammar.

**Signature and Date**—Don't forget to sign the application form. Sounds simple, but many do overlook this.

If you would like information on a specific career field, write to So You Want to Be in care of Newspaper Enterprise Association, Suite 410, 230 Park Ave., New York, N.Y. 10017.

## BUSY BALLET

NEW YORK (AP) — The New York City Ballet reported that its 14-week winter season attendance rose slightly over last year's winter season, at the New York State Theater.

George Balanchine went to Geneva to supervise preparations for the Opera Ballet's spring gala. His company's next season will include a week of "Stravinsky Festival" in June.

The company will dance its seventh annual season at the Saratoga, N.Y., Performing Arts Center, starting July 5. On Aug. 9 it will dance four performances in Munich, the only dance company invited to the cultural festival held in conjunction with the Olympics. Also in August the New York City Ballet will dance for a week at the Ravinia Festival near Chicago and a week at Wolf Trap Park for the Performing Arts in Vienna, Va.

There are more than 11,000 lakes in Minnesota.

## CHOOSE THE PLAN THAT SUITS YOU BEST

Has it happened to you? After just a short hospital stay, you're hit with a bill for hundreds of dollars—only to discover that your ordinary hospital insurance covers only part—and you have to come up with the rest!

And that's in addition to all those non-medical bills that were piling up at home. The rent or mortgage payments. Food bills. Telephone, gas, electric bills. Auto and credit card payments. Bills that could eat up all your savings—even land your family deep into debt!

That's why the board of doctors of Physicians Mutual Insurance Company of Omaha, Nebraska—the doctors company since 1902—created *The Doctors Hospital Plan*. It gives you the cash you need when hospital emergencies strike... pays you tax-free extra cash whenever you or any eligible member of your family goes to the hospital for any covered accident or sickness. Cash you can use to help close the gap between your actual hospital bills and what ordinary hospital insurance actually pays for.

Here's how this remarkable plan works...and why it pays for you to enroll now.

☐ **It's Easy to Enroll... No Qualifications Necessary!** Whatever your age, the size of your family, or your present health, you and your entire family can enroll in *The Doctors Hospital Plan* without red tape, without any qualifications, simply by completing and mailing the enrollment form below with only \$1 for your first month.

☐ **We Pay You In Addition to Any Other Insurance—Even Medicare and Workmen's Compensation!** Whenever any eligible member of your family is hospitalized for any covered reason, you collect extra cash over and above any other money you collect from any other insurance! Even "on-the-job" accidents for which you can collect Workmen's Compensation or Employers' Liability Law benefits are covered. In such a case, you will be paid half your applicable benefits for up to 4 full weeks for any one hospitalization and, after 6 months of normal activity, you would be eligible to collect again for the same condition.

☐ **We Pay You For Accidents, For Sickness and For Mental Disorder, Too!** Pays you when you go to the hospital for any accident or any illness. The only conditions for which you cannot collect are alcoholism or drug addiction. Even hospitalizations for mental disorder are covered! If you are hospitalized for mental disorder, you will receive half-benefits for up to 4 full weeks and, after 6 months of normal activity, you will be eligible to collect for the same condition once more.

☐ **Even Pays for Maternity!** Yes, you can even collect for hospitalizations due to pregnancy, if coverage includes wife and your policy has been in force for 10 months.

☐ **You Receive a 50% Increase for Expensive-to-Treat Sicknesses!** If you or any covered family member should be unlucky enough to be hospitalized for cancer (including Leukemia and Hodgkin's Disease) or heart attack (acute myocardial infarction, coronary thrombosis and coronary occlusion) you will receive a 50% increase in cash benefits.

**INDIVIDUAL PLAN  
\$6,666.66 MAXIMUM**

**PAYS YOU:** \$571.20 monthly (\$19.04 a day) extra cash when you are hospitalized.

If you are living by yourself, or if you wish to cover only yourself or one family member, choose the Individual Plan.

**ALL-FAMILY PLAN  
\$13,333.33 MAXIMUM**

**PAYS YOU:** \$571.20 a month (\$19.04 a day) extra cash when you are hospitalized. \$428.40 a month (\$14.28 a day) when your wife is hospitalized. \$285.60 a month (\$9.52 a day) when an eligible child is hospitalized.

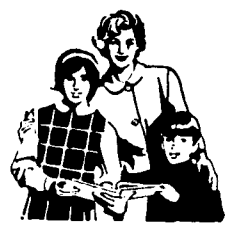

If yours is a young, growing family, we recommend the All-Family Plan. All your children (including future additions) between 3 months and 21 years of age are included at no extra cost as long as they are unmarried and live at home.

**HUSBAND-WIFE PLAN  
\$10,000.00 MAXIMUM**

**PAYS YOU:** \$571.20 a month (\$19.04 a day) extra cash when you are hospitalized. \$428.40 a month (\$14.28 a day) when your wife is hospitalized.

If you have no children, or if your children are grown and no longer dependent on you, you will want the Husband-Wife Plan.

**ONE-PARENT FAMILY PLAN  
\$10,000.00 MAXIMUM**

**PAYS YOU:** \$571.20 a month (\$19.04 a day) extra cash when you are hospitalized. \$285.60 a month (\$9.52 a day) when an eligible child is hospitalized.

If you are the only parent living with your children, we suggest the One-Parent Family Plan. It covers you and all your unmarried children living at home (including future additions) between 3 months and 21 years of age.

**CHECK YOUR AGE AND THE PLAN YOU CHOOSE, TO FIND YOUR MONTHLY RENEWAL PREMIUM, AND REMEMBER—YOU GET YOUR FIRST MONTH FOR ONLY \$1.00!**

Your Age	Individual Plan	Husband-Wife Plan	All-Family Plan	One-Parent Plan
Under 65	\$ 5.25	\$ 8.95	\$10.95	\$ 7.95
Woman 65 or Older	\$10.00	\$12.25	\$14.25	\$12.70
Man 65 or Older	\$10.00	\$13.70	\$15.70	\$12.70
Husband-Wife Both 65 or Over	—	\$17.00	\$19.00	—

**Backed by Physicians Mutual—  
The Doctors Company Since 1902!**

Your policy is backed by the resources, integrity and reputation of the Physicians Mutual Insurance Company, "the doctors company," specializing in health and accident protection for physicians, surgeons, and dentists for more than 70 years. In fact, we paid out more than \$33.7 million on claims incurred last year alone. Dunne's Insurance Reports, one of the leading insurance industry authorities in the nation, gives Physicians Mutual its highest policyholders' rating of "A Plus (Excellent)." Serving more than 600,000 policyholders throughout the United States direct by mail, Physicians Mutual is incorporated in Nebraska, with headquarters in Omaha, and is licensed in your state. Its Board of Directors is composed entirely of respected members of the medical and insurance professions.

**Even People Over 65 Can Be Covered!** Because people in your age group go to the hospital more often than others and because their claims are higher, many insurance companies cut your benefits in half at age 65. But we've found that folks your age would rather pay a small additional rate for their regular protection than have that protection cut in half. The additional monthly premium is \$3.30 for a

wife 65 or over on the All-Family or Husband-Wife Plan, \$4.75 for a woman on the One-Parent or Individual Plan, and \$4.75 for a man on any plan. For example, the Individual Plan will cost Mr. Jones \$5.25 a month until he is 65, when his premium will become \$10.00. Then, even though he will be eligible for Medicare, he will continue to collect benefits at the same rate as his 26-year-old neighbor!

☐ **There Are Double Cash Benefits, Too!** If you and your wife are both injured and hospitalized at the same time, and your coverage includes your wife, you get double benefits—twice the amount—\$1,999.20 A MONTH!

☐ **Protects You Even In Federal Hospitals!** You will be covered in any lawfully operated hospital except nursing homes; convalescent, extended-care or self-care units of hospitals. Even Federal hospitals that don't charge you a cent are covered! You will collect half-benefits for up to 4 full weeks when you're sent to a Federal hospital and, after 6 months of normal activity, you will be eligible to collect again for the same condition.

☐ **Even Ailments That Keep Coming Back or That You've Had Before Are Covered After One Year!** Yes, chronic or pre-existing conditions are covered after your policy has been in force for only one year.

☐ **Your Policy Is Issued The Same Day We Receive Your Enrollment Form!** Your policy goes in force the very same day we receive your enrollment form. New accidents are covered on that date. After your policy is 30 days old, new sicknesses which begin thereafter are covered. Even pre-existing conditions are covered after one year. Under the ALL-FAMILY PLAN and the HUSBAND-WIFE PLAN, childbirth or pregnancy or any consequence thereof is covered after your policy is in force for 10 months.

☐ **You Are Paid From The Very First Day Of Covered Hospitalization!** Yes, cash benefits are paid from the very first day of covered hospital confinement, for as long—and for as many times—as you are hospitalized up to the maximum (Aggregate of Benefits) of the plan you choose.

☐ **Insurance Cannot Be Cancelled For Making Claims Or For Advanced Age!** We will never cancel or refuse to renew your policy for health reasons—for as long as you live and continue to pay your premiums. We guarantee that we will never cancel, modify or terminate your policy or change your rates unless we do so on all policies of this type in your entire state or until the maximum (Aggregate of Benefits) of your policy has been paid. You, of course, can drop your policy on any renewal date. Naturally, you may have only one such policy with the company.

☐ **The Cost Is Low For Such High-Quality Protection. And Your First Month Costs Only \$1.00!** With *The Doctors Hospital Plan*, you actually get all these benefits—at such a low cost—because this is a mass enrollment plan—and no salesman will call. Our volume is higher and our total sales costs are lower.

**IMPORTANT:** We can only accept your enrollment if it is postmarked on or before the date shown below. But please don't wait until the last moment. The sooner we receive your form, the sooner *The Doctors Hospital Plan with Increased Benefits* will cover you. You risk nothing by acting promptly. You may lose hundreds of dollars in "extra cash" benefits through needless delays. Mail your enrollment form today!

**Regardless of your age or the size of your family you can enroll for only \$1.00**

## Money-Back Guarantee

When you receive your policy, you'll see that it is direct, honest and easy to understand. But if for any reason whatsoever you change your mind, you may return your policy within 10 days and we will promptly refund your dollar.
